AITA for hacking Siren and posting his texts?

by MarinaCipher

Summary

Reddit, AITA for hacking Siren's phone and posting his texts to a sub reddit? No? Thought so.

Okay but fr, I actually fucking hacked Siren you guys. Stay posted to know what's going on because holy shit, this man is DUMB. Also his name's Wilbur, like the pretencious fuck he is.

Or: Mar was writing fic at 4 am again and somehow came up with a social media fic for the SBI as villains trope. Wilbur gets throughly roasted.

Notes

-Rolls up after like 5 months of not posting any English content and posts from a completely different Fandom while drinking a mango smoothie-

I lived, bitches.

Anyway there's a chance the formatting got fucking messed up but by GOD its 5am I'm not fixing shit, so if you see a weird number before the user to each post IT'S THE NUMBER OF UP VOTES OKAY, BUT IT GOT MESSED UP, IT'S MEANT TO BE UNDER THE FUCKING TRIANGLE

Siren is actually a dumbass you guys

Chapter Notes

See the end of the chapter for notes

It starts, as many things do, with a Reddit post from a random-ass user.

A post claiming they'd managed to hack into Siren's phone—yes, *the* Siren, number three most wanted villain in the entire country—and were now exposing his texts.

It would have just breezed past everyone as another fake story from someone looking for upvotes, if it weren't for the fact that the texts were so utterly ridiculous and absurd it just *had* to either be fake or real, no in between. But there was no way those were actually Siren's texts, right…?

Right.

LEAKING SIREN'S TEXTS!!

▽ Guys holy shit, I'm shaking rn. I'm deadass serious right now. I hacked into Siren's phone.

No, I won't tell you how, but just-... You'd think a villain like him would have multiple phones and a way to make sure no one can hack him, right? RIGHT?

WRONG.

As you're about to see, this man is a dumbass. Total fucking dumbass of a man, like actually holy shit I don't think he has any coherent thoughts at all-

Also, you'd think he has some sort of top secret villain shit on his phone, correct?

Want to know what I actually found?

Song lyrics.

No, I am deadass. It's not code or some shit either, I ran it through multiple de-coding softwares and even tried to Crack it myself but it's just. Man's honest to God has a GOOGLE DOCUMENT that's over 20k WORDS with JUST SONG LYRICS.

He is so dumb holy shit. But also the lyrics kinda slap ngl. For a dumbass, he knows how to use big words and write deep lyrics.

I will make separate posts for some of the texts and another for the song lyrics because holy shit.

Stay posted for that so you can witness how much of a fucking moron this dude is.

TLDR: I hacked Siren's phone because he's an actual idiot and I'll be posting his texts and song lyrics because they are wild.

THE SIREN'S TEXTS- PART 1

▽ I said I'd do multiple parts so here's part one. So, for context, I honestly can't fucking tell you what the deal with this texts is, you just have to see them yourself. They're from a guy named Tommy who's like… Apparently just some dude?? Like not even vigilante or anything. Straight up some dude.

Also I can't for the life of me tell you what the fuck is up with their relationship. Like are they friends?? Enemies?? Brothers??? I DON'T KNOW.

Just see for yourself.

Siren: HEY RACON KID

Tommy: Tf I'm not a kid or a raccoon

Fuck you bitch

Siren: I requore your serbices

Tommy: Sir I am a minor

Siren: YOU FNOW WHAT I MEEN

Tommy: I'm busy

Also didn't know you typed with your ass man

Not poggers

Siren: And I' m fking bledink ouf so if I dou it's on you btch

Tommy: Tf is dou

Siren: Tommy.

Tommy: ...

Okay you're serious

Siren: OFC I AM

I think I'm aby t pas out

Tommy: Holy shit okay wait are you alone?

Where are you??? Are Blade and Philza with you???

…

Siren?

Bitch this is not funny

Okay I'm omw

Wil I swear to Prime if you die before I get there I'll somehow use my powers to revive you JUST to kill you again

DON'T DIE BITCH

That's about it for the first convo they've had. I'm no detective but I think Tommy is like, a healer or something?? Like Siren clearly wanted his help bc he was injured and then Tommy said he'd use his powers to revive him or something so ig he's a healer.

Also he's a minor. Apparently.

And of course, the most important bit: Siren's name is 'Wil'??? Ayo name reveal??

I'll be posting more of this soon because this is the very tip of the iceberg folks.

TLDR: Siren is friends (?) with this healer boy or something and his irl name is apparently 'Wil'.

SIREN'S NAME!!

▽ So ik yall have probs seen the post by u/screamerscore where they claim they hacked Siren right? Okay well you also probably saw that The Syndicate actually showed up last night in the back alley from 5th street.

So, I was there.

Okay first of all- I've always wondered why The Syndicate are marked as villains when I've always thought they're more like vigilantes since they seem rather morally gray to me, and last night just about solidified that belief for me.

So, context: I work late shifts at a pizza store and usually take the back alley on 5th on my way home. Not wise to cross through a dark alley at 3 am, I'll admit, but hey, it saves me 20 minutes so if I get mugged for getting home earlier then so be it.

Okay so I was minding my business when I actually did get mugged.

And I was honestly resigned to just say goodbye to the money I got from my shift that day and maybe also to my phone but then… THEN THE SYNDICATE SHOWS UP??

So long story short, it took like .5 seconds for Siren to use his powers and order the guy to back off and that was that.

And then Philza just turned to me and asked me if I was okay. I was sort of on a daze so I just said yeah. And the guy just said he'd drop off the thug at the station because he was some guy they had been after for some time now and he wanted the police to owe him a favor, and said I should come with to fill a police report against the dude.

Again I didn't know wtf was going on so I just said yes.

They didn't go into the police station cause Ya know, wanted villains, so they said bye and started to leave.

Don't ask me why but all of a sudden I was reminded of the reddit post from op and went 'fuck it' and just turned to look at Siren and deadass said to him.

"Thanks, Wil."

When I tell you that man FROZE. Absolutely just STOOD THERE.

Philza and Blade just looked at me like they could not believe what I just said. And then the exchange was as follows:

Siren, looking like he's about to shit himself: Uh who's that??

Me : You, duh. The whole internet knows that's your name, apparently.

And idk where I got the guts to fucking just turn around and go into the station with the thug. (BTW, he was looking at me the whole time and later asked me if my power was to read minds or something. It's def not).

And in case you don't believe me, here's the proof:

[Two attached images]

[Image description 1: A photo taken of the paperwork for the police report op filled, with their personal information cropped out. The date matches the story and the description also briefly mentions the appearance of The Syndicate, besides of the mugger.]

[Image description 2: A news report informing The Syndicate was in fact seen in the aforementioned alley and heading towards the nearest police station with two civilians.]

TLDR: I ran into The Syndicate and they saved me from getting mugged, and apparently Siren's name is definitely Wil.

Edit: Some of y'all are asking me about The Blade and honestly idk how I didn't mention this but for such a scary guy he's actually quite polite. He even asked if I liked reading after he saw my books on the ground. I was still pretty much processing wtf was going on to talk

much so I think he held back from asking me something but I caught him eyeing my Greek mythology book so maybe he likes it?? Idk

THE SIREN'S TEXTS- PART 2

▽ So I noticed y'all mentioned me on a post from another user saying they confronted Siren on his irl name being Wil and I saw a comment along the lines of 'He's a villain, no way he's stupid enough to slip up if he hears his actual name while in costume' and I'm here to tell you: Yes. Yes, he is.

I have read so many texts from this man that confirm he is a dumbass that I will never be the same.

So, for the sake of proving them wrong, here you go, a compilation of texts proving the sheer dumbassery of 'Wil' - aka Siren.

And before you ask, I myself don't have context for most of these either. I just copied the texts here as they were, there's no previous contexts to so many of them. And some are just… I don't even know.

Siren: Tech

Tech

TECHNO

I'M LITERALLY WATCHING YOU SCROLLING THROUGH YOUR PHONE ACROSS FROM ME

DON'T IGNORE ME

The inferior twin: What do you want?

Siren: Hey can you pass me my water? Thx

The inferior twin: ... The water you have next to you already?

Siren: Oh you're so fast, thank you, you're the best twin ever

The inferior twin: Sure, whatever. Let me read in peace now.

Also I'm your only twin.

[×]

Siren: YOU INSUFFERABLE CHILD

I'M COMING FOR YOU

Tommy: Tf did I do now

Siren: WHY is there an actual, honest-to-Prime COW in my room!?

Tommy: Cause that's not your room

It's Henry's

Siren: Whomst the fuck is Henry

Tommy: My cow, duh

Siren: You're not keeping a fucking cow in my room

Tommy: Again, that's HIS room, Wil. Learn to read, bitch

And where else is he supposed to go??

Siren: Tommy you have an apartment

Tommy: Nah it's too small for Henry

Plus Tubbo would kill me

He already wants me to get rid of Clementine.

Siren: ???

Tommy: Keep up, man, Clem is my fish

[Attached image]

Siren: TOMMY THAT'S A FUCKING PIRANHA

HOW DID YOU EVEN GET THAT??

Tommy: Her prefered name is Clementine, please respect her or I'm suing you for causing her emotional damage.

[×]

Phil: Wil why do I hear crunching coming from your room

… Wil it's 4:27 am

I swear if you're doing what I'm thinking-

Please tell me you're not eating sand again

Siren: I'm totally, definitely, most certainly, not eating sand right now.

Phil: uh-huh

What's the noise then?

Siren: what noise?

You're senile

Old man. Oldza.

Phil: Okay that's it, I'm going to go in there right now

Siren: WAIT PHIL NO

I SWEAR IT'S NOT SAND

PHIL PLEASE

IT'S UHHHH

POP ROCKS, YEAH

PHIL I'M NOT OPENING THE DOOR, STOP

PHIL STOP

FATHER PLEASE

IT'S MY MIDNIGHT SNACK

Phil: It's 4:30 am and THAT'S DEFINITELY SAND, YOU LITTLE SHIT

Siren: IT'S CRUNCHY AND I GOT THE MUNCHIES

Phil: It's going to fucking kill you, that's what it is

Either that or I'll get you first

Siren: PHIL WAIT NO THAT'S MY DOOR

PHIL I NEED THAT DOOR

STOP WAIT DON'T COME IN

PHIL I-

[x]

Group chat: Fam plus the adopted one

Siren: Sally totally just posted something for me

The inferior twin: Bruh

Just take the L already

She dumped you over a year ago

Siren: Explain this then

[Attached image]

Phil: That's just a screenshot of her twitter saying she heard her favorite song on the radio today

The inferior twin: Also didn't she block you?

Siren: On my main yeah, I have like 3 private accounts

And that's CLEARLY a message for me

Tommy: How is that a secret message

Siren: Cause 3 months ago she said her favorite song is 'Me and my husband' from Mitski

That's obviously because she still loves me

Phil: sure, mate

Siren: PHIIIIL DON'T 'SURE, MATE' ME

I'M RIGHT, SHE STILL LOVES ME

The inferior twin: She literally dumped you because you were obsessed with a fictional country from your D&D campaign

And also to become a professional mermaid because she said you were holding her back and hogging the 'siren' title

Siren: Okay and?? You know L'manberg is important to me

Tommy: Bitch didn't you blow it up and have Phil's character show up for the first time just to kill you afterwards??

Siren: I did what I had to

Anyway I'll go visit Sally now

Phil: Please don't, she has a restraining order against you

I'm not breaking you out of jail today

The inferior twin: And he's gone

Yo Theseus, I bet you one of my knives she's going to slap him

Tommy: One of the fancy ones??

The inferior twin: Sure

Tommy: Deal

The inferior twin: Let's gooooo

You're cleaning my axes if you lose tough

Tommy: Wait no ew they're all covered in blood

Phil: Mate, we've been over this, THAT'S why you don't accept a deal with Techno right away

[x]

Siren: Big Q! My man, my friend, my guy…

Quackity: wtf did you do

Siren:...

Can you break me out of jail?

Quackity: why

Siren: Because you're my friend?

Quackity: No you fucking dumbass, why are you in jail?

And why is Philza not breaking you out?

Siren: I may have tried to visit Sally

Quackity: Your ex who has a restraining order against you??

Siren: yeah

Quackity: okay fine

I'll do it for 500 bucks

Siren: I'M NOT PAYING YOU FOR BREAKING ME OUT

ALSO YOU'RE RICH??? YOU DON'T NEED 500 BUCKS

Quackity: okay have fun then

If you get sent to the prison on the west side of the city tell them you know me

They'll either punt you into the ground or cut you some discount for the non gross contraband food and cigs

If they send you to the one on the north then tell fucking Bob he owes me and I'm coming for his skin

Siren: I'm not even gonna ask

Wait no SAVE ME

Quackity: 600

Siren: That's 100 more than you said 2 mins ago

Quackity: And it'll be 100 more in 2 more minutes unless you make up your mind

I'm a busy person, I'm planning my wedding, you ass

And if either of my fiancés catch me not picking the right color of napkins now I'm dead so either fuck off or pay up

Siren: OKAY FINE I'M PAYPALING YOU RN

JUST HURRY

Quackity: Okay you're so fucking dumb

[Image attached]

Quackity: Wilbur that's 6000

Not 600

I'm missing an eye and not even I fuck up like that

But I'm not fucking giving you shit back

Omw

Siren: FUCK

WAIT QUACKITY REFUND ME THE REST

QUACKITY??

ARE YOU STILL THERE???

[×]

There's literally so many more but I can only fit so much into a post.

points accusingly at the one who made that comment your man EATS SAND and CAN'T MATH. Is that your smart villain??? Didn't think so

Anyway if you think I'm making this up I literally don't have the fucking imagination to do it. My essays from school will prove that to you.

Also there's a lot to unpack here. I *think* this Techno person could be the Blade bc he does mention owning fucking knifes and axes covered in blood, but if that's the case, then Blade and Siren are twins??

There's been rumors about The Syndicate being related but holy shit guys. Also going off the name, Phil, and how Siren added a 'za' at the end when he called him old man I'm gonna put it out there and say that's Philza. In which case it implies they live together and Siren called him father soooo….

Also there's Quackity. Like, fucking casino owner and villain Quackity who is apparently GETTING MARRIED to MORE THAN ONE PERSON?

And also, we have a full name, ladies and gentlemen. Not just Wil, but Wilbur. A lot of you went off the logical path and said his full name was probably William but yeah, of fucking curse this dumbass is named fucking Wilbur.

Still not sure what the fuck Tommy has to do here because apparently they don't even live together and the kid owns a cow and piranha. I have many questions. Tommy if you're out there pls reach out.

TLDR: I physically can't put it into words, you just have to read it, but if you want, here: Siren eats sand and can't do numbers for shit. Also his name is Wilbur.

THE SIREN'S LYRICS- PART 1

▽ Okay I figured I'd roasted this man on main long enough, it's time for some of the song lyrics I promised you all, and honestly? As much as I call him a dumbass (which he is, 100%) I will say this man clearly has a talent for writing songs.

I'll also say actually I thought these were poems at first until I found some notes and drafts of music sheets and realized 'oh shit, this guy is a musician'. But ngl some of these might as well be poetry bc holy shit.

I'll stfu now and just show you some highlights:

"cause this is the part where I shut up

And let you infest my brain,

Wrap your arms around my cortex

dig you in

and let you drain,"

"they don’t know how many lives it took, no they’ll never know what you knew"

"So come on, one and all to see the apathy

The reams of gray stencils that fill the tapestry

I look to all of you and see a different fucking species"

"I guess you know now what to expect

He lives your own life in retrospect

You know it bores me? These insecurities

Breaks you down just to act as the architect"

"I've found that the road to happiness is paved

With rows and rows

Of very tempting parking spaces"

"It seems like all our friends

Abruptly fell in love

And she was in the dust

Darling, life was streaming past"

"I'm sure that your heart's in the right place

I'm sure that you break more than I make

My mother says you're up your own arse

Like a stagehand at puppet show"

"They'll sell you the rope by which you'll hang yourself

So tell me, is it normal? To totally lose your mind

I won't announce my sheer descent, but holy fuck there will be signs"

There's literally so much more but I tried picking my favorites bc again, IT'S A GOOGLE DOC WITH 20K WORDS.

Also there's like, full on songs in there. Like it's not just random ass lyrics after lyrics, but my man has FULL SONGS written down in there and it's actually impressive af.

But I'm not actually leaking the entire songs cause I feel like that would be so shitty to just release all of his ideas and stuff when maybe one day he wanted to release it himself as a civilian or something. Is it kinda hypocritical to worry about the morality of exposing him on the internet without his consent only when it comes to his original creations? Yeah.

But I don't care, the world must know this man is too much of a dumbass for his own fucking good. I'm not leaking his music though, there's a line.

TLDR: Siren is a fucking dumbass, yet a genius when it comes to writing song lyrics. And surprisingly eloquent.

Edit: Holy shit this got way more upvotes than the other parts. FYI guys, I did not write any of that lyrics, I haven't got the way with words he has (clearly). I do not take credit for any of them and they're 100% by Siren himself.

… Um, I'm like, 80% sure I've heard a guy sing some of these lyrics before. I'm a barista at this one bar and there's often live music. My boss loves hiring underground musicians cause I'm pretty sure he wanted to do music too or something so he's like, made it his life mission to help any rising musician he can.

Anyway so there's this one guy who's played a couple of times, I think his name is Wilbur, and I'm so sure he's sung some of those lyrics before…

THE SIREN'S TEXTS- PART 3

▽ I'm back y'all. Did you miss me?? I'm here to keep exposing my man Siren on main. On today's episode: *the goat incident.*

I cannot give you any more context than that because I simply don't have it. But I noticed a couple of references to it and gathered them all to try and piece something together. It's definitely… interesting.

The first mention I could find of this incident was probably one of the most strange ones.

Siren: Q, out of curiosity…

How likely would you say it is that your ex husband reincarnated into a goat just to come for my blood?

Quackity:... Do I want to know?

Siren: Please just answer the question

Quackity:... Okay

I'll be 100% honest with you, I wouldn't put it past him to do that

Siren: FUCK

[×]

Siren: Tommy, the goat is back

I repeat, THE GOAT IS BACK

Tommy: Sucks to be you lmao

Siren: TOMMY THIS IS SERIOUS

THE GOAT LIKES YOU, GET IT OUT

Tommy: Sorry big man, got a shift at work

Siren: Tommy don't you fucking dare leave me with that thing

TOMMY

I KNOW YOUR SHIFT ACTUALLY STARTS IN TWO HOURS

That's it, I'm fucking telling Phil to un-adopt you

Tommy: Oh what's that? Sorry there's a tunnel, you're breaking out

Siren: We're literally fucking texting

Oh FUCK THE GOAT FOUND ME

HELP

TOMY HRKP ME PLEAAS

[x]

Phil: okay I'll bite, Tommy won't tell me, so what's going on?

Siren: The goat, Phil

Phil: Again!?

I thought you shipped it off to Bulgaria

Siren: I did

Phil: Huh

Are you sure it's the same one?

Siren: I recognize those lifeless, hateful eyes

Phil: Okay

I'm telling Techno to engage the emergency goat protocol, then

Siren: Have I ever told you you're the best dad ever?

Phil: Literally never outside of when you want something

[Contact name changed to Dadza]

[x]

Siren: So, you've killed orphans before…

The inferior twin: You have my attention

Siren: Hypothetically, what would it take for you to get rid of the goat?

The inferior twin: I've witnessed the power of the goat

So give me something that will be worth what slight trouble that is

Siren: I'll do your chores for a week

The inferior twin: The goat can use martial arts, I'll need something more than that

Siren: three weeks

The inferior twin: Are you even trying?

Siren : okay fine, a month plus I'll buy you any book you want

The inferior twin: Three books

And a new sword

Siren: Fuck you I'm your twin

You should be doing this for free

And you have like a million swords!

But okay, whatever

The inferior twin: I was going to do it for free because of course I want to fight that goat, but you offered so who am I to deny that?

[Contact name changed to Worst twin]

[x]

Groupchat fam plus the adopted one

Siren:... The goat defeated Techno

Tommy: What the fuck

Worst twin: 'Defeat' is a strong word

I tactically retreated because my opponent was stronger than I thought

Dadza: I- it's a goat?? Techno??

Tommy: Didn't Techno defeat a guy who was immortal or some shit once?

Dadza: Two guys, but yes

How is a goat harder than that?

Worst twin: That is no goat, Phil

It's an eldritch being posing as a goat

A tentacle came out of its mouth

A *tentacle*

Siren: I saw it flying backwards into the night but none of you believed me

I told you it wasn't a goat

Who's the crazy one now!?

Worst twin: The one furiously typing on his phone and cackling like a mad person

Siren: Shut up, a goat defeated you!

Look at me, I'm the Blade, and a goat just broke my record of always defeating my enemies!

Dadza:... Aaaand they both went offline

Tommy: Techno is so kicking Wilbur's ass right now

Dadza: I'll go make sure there's no throwing anyone out of a window this time

Good luck at work, Tommy

I'll pick you up once your shift is over

Tommy: Thanks dadza, you're the only man ever

Tell Techno to land a punch for me

Okay so, that's the last mention of the goat so far and I'm… Not sure what to gather from that. So apparently Siren is being haunted by an eldritch being posing as a goat that may or may not be the reincarnation of Quackity's ex husband, the famous villain Schlatt who died of a mysterious heart attack a year ago?

Also we have confirmation ladies and gentlemen, 'Techno' is definitely The Blade… And he lost to that goat, which scares me half to death bc that guy has a kill count of three digits (as far as we know). Makes you wonder what the fuck the goat actually is.

Also more confirmation that Philza is, in fact, the father of Siren and Blade. Somehow that's not surprising.

And Tommy is… Adopted into their family?? Or something??? I'm still not sure about that one guys.

Anyway that's it for today, I'll see what I can gather for the next post because I could honestly make about a thousand of these and still have material to continue exposing him.

I THINK MY NEIGHBORS MIGHT BE HIDING SOMETHING

▽ Okay listen I know everyone here has weird neighbors, but mine might just take the cake. So it all started back when I (F29) moved in.

At this point, they had already been living here for years, and in the year I've been their downstairs neighbor, a lot has happened.

Let's start by my neighbors themselves.

At first, there were only three of them. I initially thought they were like, three friends living together or something but no, they are father and sons.

Now I thought that at first because the sons call their dad by his name, never 'dad' or anything. I think they mockingly use a fusion of the word 'dad' and the guy's name sometimes but that's about it.

Next, for the sons. They seem to be in their mid or early 20's, and as I learned from the same person who let me know the third person was their dad, they are twins.

You may be wondering why someone else had to tell me in order for me to realize. Don't twins look alike? Well, not those twins, they don't.

They seriously don't even look related.

One is super tall and lanky and has curly brown hair and dark eyes, the other is more musly and slightly shorter (still tall for anyone else though), and his hair is literally bright pink with red eyes. Their face structures are not even similar either, the taller one has a slightly more softer face and the more buff one has more sharp eyes and nose.

They don't even look like their dad either, their dad is blonde with blue eyes. Now, of course, they could either look more like their mother or just be adopted, that's not all that unusual.

You might recall I said there were three at the beginning. Well, now there's one more.

I'm not even sure why he lives here now or how. One day he sort of just appeared.

I'm talking no one even saw him move in or carry any of his stuff into the place, like a suitcase with clothes or even some personal belongings. One day he was just there.

I will say, he does look more like the dad than the other two, he's also blonde with blue eyes. So maybe there's a third younger brother.

The third is actually a teenager, he can't be any older than 15, and he's actually rather loud and swears a lot.

But again, not weird enough to warrant this post, right?

So here's the weird part.

No one in the entire building has any idea of what their work is. For context, they live in the penthouse, in an already exclusive enough building I won't disclose the name of, for obvious reasons. So it's expensive to live here, let alone in the penthouse. I can only afford my apartment here because I'm lucky enough to have a good job and my boyfriend is helping me pay for this place as he lives here too.

Yet no one knows what either of them do for a living. Overall, they are actually so mysterious all the time to the point no one knows what happened to the mom of the family either. Absolutely no one knows if she's dead, if they're divorced, or if she left the guy with the three kids and fucked off.

And the lady who lives under me is the queen of gossip, I'm talking she knows everything going on inside that building, including the security, except for the penthouse residents.

All everyone knows is that the dad works from home, the son with brown hair maybe plays music or something, and the buff one works night shifts often. Literally that's it, no specifics.

The next weird thing actually happened about two months ago.

To make this easier, I won't disclose their names, but we'll call the dad P, the brown haired twin W, and the pink haired one T. I don't know the name of the youngest one so we'll just calm him the child.

Okay so, two months ago, what happened?

I think W got stabbed.

I was coming home late and was pretty tired so I went into my building and hopped into the elevator like usual. Then someone stopped the doors from closing and went in too.

It was, of course, W. He was a little hunched over and was holding one hand against his middle and was furiously typing one handed with the other.

I don't think he noticed me at first, he looked rather concentrated on whoever he was texting, but he also looked super pale and like it was hard to breathe.

I couldn't tell at first but he definitely was bleeding, I just didn't realize because of how he was standing and how he was holding his hand against his stomach, plus his clothes were all black.

Then I guess he noticed me staring because he just looked up, sort of tried to smile but more like grimaced instead, and literally said "Nice night huh?"

I was still gathering information about the situation and realized at this point how pale he was so I did the logical thing and asked if he was okay. Again he sort of tried to smile and insist he was fine but I didn't really believe him.

The conversation pretty much died afterwards but I kept an eye on him and he definitely looked like he was in pain. Then I had to get off at my floor and as the doors were closing I glanced back for some reason and noticed the fact that he looked way worse now and there was blood on the one hand he had against his stomach.

I freaked out but by now the elevator had closed and I couldn't follow him or anything because FYI, the perk of the penthouse is extra security so you need to input a code and use a key card for the elevator to open into the penthouse floor, and there are stairs but there's also a door at the end that's passcode locked and sets off an alarm in case anyone manages to open it without the code. So I was essentially unable to do anything now.

I was freaked for most of the night because I had no idea why he didn't go to the hospital or if either of his family members were home so I was sorta preparing myself to potentially hear screams in the morning and see police or something but there was nothing.

My boyfriend came home from a trip the next day and I decided to take a short trip to the grocery store to get something to eat before he came home and found me dead on my feet, so I just sort of stumbled out of my apartment and into the elevator. I didn't notice anything at first but then someone said good morning and I nearly jumped out of my skin.

I look and, low and behold, P was there. I immediately blurted out a question about how was W. P looked at me weird but said he was fine.

I was not convinced so I insisted, adding he looked kinda under the weather yesterday. Again, P game me this look but he did luckily elaborate further: "He's fine, thank you for your concern. He's resting now."

A regular person would have been soothed by this, but that last line threw me off. Maybe it was the sleep deprivation, I don't know, but I was suddenly convinced W was dead.

The rest of the trip down was quiet and by the time I was back from grocery shopping I sort of expected for the police to be here already.

But instead, in a weird repeat of last night, someone held the elevator open at the last minute and not only W stepped in, but also the child.

They didn't even acknowledge me or anything and just kept talking as if I wasn't there. Their conversation went something like this.

Child:... If you ever fucking do that again I'm seriously going to kill you and revive you myself just to kill you again, bitch.

W: Awww were you worried? Was baby [Redacted] worried about his big brother?

Child: You're not my brother, you're a bitch

W: We'll see about that. Maybe I will do it again just to watch you be all worried again.

Child: I'm telling Phil

W: Don't you dare

And then they sort of stopped and looked at me. And I was of course still processing how the hell was W perfectly fine after he was most certainly bleeding out last night, like I'm no expert, but shouldn't he even not be able to be on his feet after losing a lot of blood? Like idk but he looked 100% fine, didn't even look pale or weak or anything.

So, anyway, they look at me and then finally W goes: "Isn't this your floor?"

I'm immediately embarrassed because apparently they've been waiting for me to get off so I quickly scramble to leave the elevator. I'm going fighting to find my keys to get inside as soon as possible when I hear them continue their conversation as the elevator closes.

Child: Seriously though, we thought you were going to die

W: Please, I would've been fine, wouldn't have been the first time I died…

And then the elevator closed. So yeah, I'd say my neighbor getting stabbed, bleeding out and looking like he was about to kneel over and die only for him to be absolutely fine the next day and then proceed to say he's died before warrant a post here.

TLDR: One of my neighbors got stabbed and looked like he was about to collapse, then suddenly next day he's walking around just fine and I overhear him saying he's apparently died before.

Edit: Oh dang this post actually gained a lot of attention. I didn't even bring up the goat apparently hunting my neighbor yet, guys…

THE SIREN'S TEXTS- PART 4

▽ Did I or did I not tell you I was 100% deadass about the texts being real?? There's new lore you guys, thanks to whoever it was that made that post. Anyways, their post did get me wondering about one thing, it is true that there's never any mention of the family's mother, so I did some digging into the infinite archive of Siren's texts and I actually did find some interesting things. Blucke up, this is going to be an interesting ride.

Group chat fam plus the adopted one

Mumza<3: Dear Prime, I was in-communicated for just two and a half months, what's this about an adoption?

Siren: KRISTIN, YOUR HUSBAND ADOPTED A CHILD WITHOUT ASKING YOU

Mumza<3: Is that so? Thanks, Wil.

Tommy: What the fuck

Who is that

Siren: Your new mom, duh

Mumza<3: I should be the one asking who you are, don't you think?

Dadza: My wife senses went off

KRISTIN YOU'RE OKAY

OH THANK PRIME

Siren: TECHNO MUMZA IS HERE

Fuck he's asleep

But he'll kick me if he misses you being here

Kill*

One sec

Mumza<3: The job dragged in longer than I thought

But the good news is, I'm all wrapped up here

I'll be home soon

Tommy: Um excuse me, lady? Who are you?

Mumza<3: I'll introduce myself properly soon, but I'm Kristin, Phil's wife and the mother to Techno and Wilbur

Tommy: Huh, so they didn't really just spawn in

Dadza: So when you say you'll be home soon…

Mumza<3: The trip can take me half an hour, give or take?

Dadza: Kristin we've been over this, you let me know beforehand so we can properly welcome you home!

Mumza<3: I haven't left yet if it makes you feel better

Siren: MOOOOM TECHNO ALMOST BIT MY FINGER OFF

Worst twin: You woke me up under your own risk

WAIT-HEH!? MOM IS HERE!?

Siren: THAT'S WHAT I TRIED TO SAY BUT YOU JUST BIT ME

Dadza: Okay everyone settle down! Kristen, you let us know when you're coming.

Tommy, you're coming over immediately.

Techno you're in charge of cake

Wilbur, you're on decoration duty with me

Siren: Oh no, he's shifting into 'must make party for wife' mode

Tommy: What

Worst twin: Just do what he says, Tommy

Mumza<3: Guess I'll meet you in about an hour, Tommy!

So guys, as Tommy very wisely put it, Techno and Wilbur didn't just spawn, they do have a mom! She seems like a rather busy person though, and I do wonder how often is she out of… The city? Country? State? With how op from the neighbors reddit post said no one's ever seen her or knows anything about her. She seems nice though.

There's no reports of a woman around Philza's age actively being a part of The Syndicate so like, maybe she's not a villain.

Also I saw some adopted Tommy thruthers in the comments earlier, how y'all doing? It's pretty much as official as it's going to get, they're introducing him to his new mom.

I have about as many questions as Tommy though.

TLDR: There is a mom!! A Mumza!!!! Siren and Blade didn't just spawn into this world!!!!

Idk how good or shitty this chaper was but oh well

No, it's not specified, bc the context I can provide through this format is limited, but don't ask me why, now Mumza can just shadow travel anywhere like Nico di Angelo. So she just casually shadow travels from her home to a whole other country constantly for 'work' (she's no villain but she sure is the head of a powerful mafia) which is also why no one's ever seen her coming into the penthouse, she can just directly appear inside and that's that. Anyway.

THE SIREN'S… Notes? Part 1

▽ that's right I'm back, and this time I'm not here with texts, but actually, his notes. That's right, Siren's very weird shit he puts into his notes app. Like seriously the amount of random shit here is amazing.

Let's start, shall we?

Note 1: Tell Phil to send cleanup to the warehouse before police notice the bodies

Note 2: Get cow food

Note 3: Don't ask Tommy's friend about nukes ever again. Ever. Replace microwave before Phil notices.

Note 4: Don't ask Tommy's other friend about his feelings or his past. Convince Phil to pay him a therapist.

Note 5: Feed the child

Note 6: Gig at [REDACTED] Tuesday 6pm. Invite Tommy so he'll stop saying my music is stupid.

Note 7: Get gift for Techno

Note 8: Rob Phil to replace Quackity's expensive China that I threw at him and shot at (If Phil reads this, in my defense, you should have known better than to send me to negotiate with him. This is your fault Phil, and you should be held accountable).

Note 9: Gift for Phil so he'll forgive me for messing up the negotiation with Las Nevadas. Again, in my defense, it's his fault, and one of Q's fiancés did stop me before I could do something else.

Note 10: Get fruit loops for the child because he's abnormal and eats his cheerios mixed in with exactly seven (7) fruit loops

Note 11: Hire new goat trainer. Pay off the family of the last one and convince Phil to stage another goat trainer leaving the country so no one will know what happened to all the others

Note 12: If plan 'Train the goat' fails for the thirteenth time, contact the guy who ships off stuff to Bulgaria illegally again

Note 13: If plan 'Ship off the goat' fails again, ask mom to figure out if it is Schlatt's ghost fucking with me or not

Note 14: Create plan 'Begone, bitch' in case it is Schlatt. Contact an expert in black magic and do an exorcism or something in that thing if not. Or ask mom to do it.

So that's… Interesting. But when is something relating Siren and the contents on his phone not interesting?

It looks like the goat is still a problem, though. Sucks to be him lmao. I wonder if it is Schlatt or, as Blade put it, an eldritch being posing as a goat… Hopefully we'll figure it out. I'm still so surprised about the fact Siren has not fucking noticed I'm posting these and exposing him as a dumbass in front of the internet and thus possibly ruining his reputation. Like, dude, would a little more screen time kill you? He's 100% the type of guy who Googles himself, I can tell you because I've seen his Google history (a couple of weird things there, but nothing worthy of a post. I think mostly he looks up specific reaction memes to send to Tommy and Techno). And I admittedly titled these posts like this so they would pop up if you were to Google him, but yeah, I actually will not fucking stop unless he personally asks me to because I'm having a blast over here lmao.

Actually fun fact, I have access to way more information than you'd think. I'm talking I've seen his selfies without his costume on, I know what he looks like, and I literally have access to his credit card info and his address. I could be an ass and post it but instead I decided 'Hey, his texts are so weird, I should post them to reddit'. And now here we are. So Siren, if anything you should be grateful that your pride and your reputation are the only thing in the line here lmao.

Tubbo was having a good day. Actually, scratch that, he was having a *great* day now that he'd found that. It started all too normal, with Tubbo casually checking a subreddit he was on about programmers and hackers when he noticed a comment about someone saying there was that one person who hacked Siren's phone and was now posting his weird ass texts.

Now, Tubbo was no stranger to the weirdness that came with Wilbur and his family, his best friend had somehow gotten adopted by them after all and, by proxy, he and Ranboo were the unofficial next ones in line for adoption, spending some time at the Craft's place since Tommy bothered to tell them he had somehow been adopted by the top three villains of the city.

So he had been delighted to find those posts. And honestly, he was not surprised about being the first one to find it. Fuck that one comment who bet on Tommy though, his best friend was the least likely to find it. If anything, Tubbo would have bet on Techno.

… Actually, on second thought, there was a possibility Techno already knew and just didn't bother to tell anyone because he enjoyed having his twin be publicly ridiculed by a random person on the internet.

But anyway, he had an idea. A great idea, even. If the public wanted content, who was he to deny them that? Wilbur didn't have to know just yet, Tubbo could have some fun first. And he knew exactly where to begin. Or, more accurately, with whom…

THE SIREN'S TEXTS- PART 5

▽ HOLY FUCKING SHIT. Okay I have NEWS for you guys, but there's a bit of a build-up for it, so bear with me, I swear it's worth it.

It's going to blow your socks off though. There's not even anything else I can say to prepare you because HOLY WHIT WHAT WAS THAT PLOT TWIST I DID NOT SEE IT COMING

Dadza: Wil, I need you to handle the negotiations with Las Nevadas again. This is important, we've had business with Quackity before, but this deal is important, so behave.

Siren: Why me???

Dadza: You literally know why, you're the one in charge of this things

It's your job in the Syndicate to be the one who handles the negotiations, Wil

And you owe me and Quackity after last time

Siren: Fine

But I can't promise I won't strange him

Dadza: You're not going alone

For once, Tommy is babysitting you

And Ranboo is babysitting Tommy

I would have sent Tubbo but he's busy

So Ranboo will be texting Tubbo constantly to ensure Tommy stays in check

And Tommy will be texting me to ensure you stay in check too

Siren: I am literally older than him I don't need a babysitter

Dadza: Tommy and Ranboo are coming with you and that's set, now go get ready. Meeting's at 6.

Siren: This house is a fucking nightmare

[x]

Group chat fam plus the adopted one

Siren: I'd say that went well

Techno: That's one way to put it

Tommy: I should have expected Tubbo to put something explosive in the cupcakes

Siren: I got cupcake in my hair though

Tommy: Lucky, I'm pretty sure it went up Ranboob's nose

He's been staring at the wall for three hours

He's scaring Clementine

Dadza: At least you signed the new contract before the cupcakes went off

[x]

Tommy:... Big Q's face was fucking hilarious though

Siren: Totally, he looked like he was about to burst a blood vessel

Tommy: Couldn't be me

[x]

Quackity: Wilbur, quick question

Siren: Yes?

Quackity: Tommy's friend, the one who sent the cupcakes, what's his name?

Siren: Quackity I know we're villains but please refrain from killing a child, especially the one who is the best friend to the child my parents adopted against my will

Quackity: I'm not fucking killing him, asshole

I just want to know

Siren: Why?

Quackity: Just answer, it's important

Siren: Okay…

It's Tubbo

Quackity:...

I fucking knew it

I'd recognize those explosive cupcakes anywhere

Siren: Wait you know Tubbo??

Q? Are you still there?

…

Quackity???

[Incoming call from Quackity]

[Call finished, duration time: 2 minutes and 5 seconds]

[x]

Siren: Tommy, care to tell me when were you planning to tell us that Tubbo IS QUACKITY AND SCHLATT'S SON AND THE HEIR TO LAS NEVADAS???

Tommy: No he's not wtf are you on

Are you doing drugs, Wil? Without us?

I'm telling Phil

Siren: Ask Tubbo

Tommy: Fine, but only because I want to and then you'll see you're wrong, bitch

…

Okay so he just said 'Yeah, it's true, have you seen my flamethrower?' and left

What the fuck

I'm actually so offended he never told me he's secretly rich

Siren: THAT'S YOUR TAKEAWAY FROM THIS!?

YOUR BEST FRIEND IS THE SON OF TWO VILLAINS, ONE OF WHICH IS POSSIBLY BACK FROM THE DEAD IN THE FORM OF A GOAT TO HAUNT ME, AND YOU'RE MAD THAT HE DIDN'T TELL YOU HE'S RICH!?

Tommy: Clementine's food is so fucking expensive, Wil

I wouldn't expect a rich bitch like you to know

Siren: Tommy I've seen you feed that piranha cheetos you found on the ground

Tommy: I'm so guilt-tripping Tubbo into buying Clementine more shit

She needs a bigger tank

Maybe I'll convince him to donate to the poor

Siren: You mean you?

Tommy: I'm not poor, I'm Tommy [REDACTED], I have plenty of money. And women. Especially women

But I could use more money

Siren: You are a fucking menace

… So Quackity and Schlatt had a kid, who so happens to be the best friend of the newly adopted member of the Syndicate. Fun.

Holy shit I did not see that coming, I have many questions…

And sure, he'd earned a stern talking to from mom Q in English with a lot of frustrated Spanish in between, but it was worth it if he could get the opportunity to fuck with this many people.

THE SIREN'S TEXTS- PART 6

▽ …. Guys I am genuinely so fucking weirded out right now. This edition will be shorter but I feel like I ought to tell you all about this because… Well, you'll see it for yourselves.

Tommy: Hey bitch

Tubbo told me to pass on a message

I'm only doing it because I fear for Clem's safety

Siren: Okay???

She's a piranha though, so I think she could do more damage to Tubbo but sure

Tommy: He literally said 'I'd like to see her chew on the cables of the bomb I'll stick in her tank!' like it was nothing

He's threatened her life, Wil

I am not fucking risking my daughter's life

Siren: OK yeah you know what?

I didn't fully believe it before, but sure, that sounds like Quackity's kid

So what's the message?

Tommy: He said 'I'm watching you, you little creeps'

Siren: What the fuck does that even mean

Tommy: Wil, listen to me, I DON'T FUCKING KNOW

BUT I AM NOT RISKING CLEM'S LIFE BY ASKING HIM

Next thing I know he'll go after Henry

Siren: Who is he watching??? What???

Tommy I am so confused right now

[×]

Unknown number: I'm guessing my message went through

Siren: ???

Who are you

Unknown number: Tubbo

Siren: Oh okay

Wait Tommy gave you my number?

Tubbo: Didn't have to, I just hacked his phone and got it myself

Siren: you what

… You know, ever since I found out who your parents are, every time you open your mouth and unleash the most unhinged stuff I just think 'yeah, that tracks, how did I not see the family resemblance?'

Tubbo: Aww that's the nicest thing you've said to me

I'd say the bombs are a family thing but that's actually just my thing, I built the first one when I was 5

Siren: I am so scared of you holy shit

Tubbo: I retract my statement, THAT is the nicest thing you've said to me

My parents would be proud :D

But anyway that's not what I'm here for

I have another message to pass along

Siren: Okay?? I didn't understand the first one though

Tubbo: That's fine, it wasn't for you either way

Siren: But Tommy said it was

Tubbo: Nope, I told him to pass it on to you, not that it was for you

Anyway, the people it was meant to will read it soon enough

This message is for them too:

I hope you find this show entertaining

Siren: I- okay shit you're definitely Quackity's spawn

But also that's so ominous??

What does that mean???

… Tubbo???

HOW THE FUCK DID YOUR NUMBER JUST GOT BLOCKED I DIDN'T DO THAT

WHY CAN'T I UNBLOCK IT

TUBBO???

FUCK

[×]

Siren: Quackity, I mean this with all the respect I have for you as a friend

But your kid is the spawn of Satan and I'm scared of him

HOW COULD YOU BRING THAT INTO THE WORLD??

Quackity: Awww what did he do? Did he threaten you?

That's the nicest thing you've said to me

Also I just adopted him, he's only biologically Schlatt's but I raised him

The demon genes are from him, the threatening people is from me though

I'm so proud of him

Siren: Quackity I am shitting my pants, HE BLOCKED HIS OWN NUMBER FROM MY PHONE SO I'D STOP ASKING QUESTIONS

WITHOUT PHYSICALLY TOUCHING MY PHONE

AND IT WON'T UNBLOCK

HOW DID HE DO THAT

Quackity: Yeah he does that

Siren: H O W???

…… so I'm 100% sure that was meant for us. As in, Tubbo knows, but somehow I feel in danger. That is so ominous. After learning about his family and his 'explosives thing', I feel unsafe…

Also I'm sure he hacked into Siren's phone too but I literally have to idea how because after I did I made sure to build security around it to ensure no one else would be able to get in besides me (call it doing Siren a favor if you will, but I actually just genuinely didn't want ppl to take my content lmao).

My guess is, Tubbo's power is something related to hacking into technology or something. So uh, Tubbo, if you're out there, we got your message, and I feel very unsafe now.

Somehow I'm sure I'd feel less threatened if it had been Siren the one to find out.

And he called us creeps too which… Okay fair enough.

I might need some time to process this one, folks.

I'll see you around… If I don't mysteriously find any explosives in my place of residence soon.

TLDR: Tubbo knows. I repeat, he knows. I fear for my life a little bit.

Tubbo was definitely having fun now, and the absolute mad cackling coming from his room only further confirmed that.

He finally stopped laughing enough to be able to spin around in his chair and look at Ranboo, who was looking at him with an expression akin to both slight fear and concern.

"So I'm guessing you're having fun?" Ranboo asked uncertainly.

"Oh, boo…" Tubbo crooned, moving his chair until he was in front of Ranboo, who was sitting on his bed, and put one hand on their shoulder, looking him straight in the eyes. "We are just getting started."

Ranboo squirmed in his place, feeling rather unsafe too.

"'We'?" he repeated.

Tubbo cackled again, fully throwing his head back.

"Of course, you're helping me, Boo. It's in our marriage contract."

"I- we didn't sign one of those? And it was just for tax reasons?" Ranboo said, genuinely confused.

Tubbo hummed, moving his spinning chair back around and in front of his two screens, starting to rapidly type away. The poor lighting of the room made it so the light of his monitors just formed the silhouette of his turned back, the sound of the keys somehow echoed in the room. Ranboo was honestly slowly growing more and more terrified of his own best friend/husband.

"You did sign one," Tubbo finally said. "While you were asleep."

"... I'm pretty sure that's illegal, Tubbo."

"I'm pretty sure it still says, in bold red letters, 'You shall help your husband whenever he asks you to, no matter what'."

Ranboo sighed, knowing at this point that arguing would be useless.

"Okay, what are we doing?"

Tubbo turned back around, his huge grin sending shivers down Ranboo's spine. He did not want to be that Reddit person right now.

"You'll see." was all Tubbo said, in the most ominous tone posible, quickly followed by a: "Oh hey do you mind getting me some water from the kitchen? I've been sitting here for like, 13 hours, and I think my legs are numb now." in the most lighthearted way ever.

"Oh dang, for sure dude, you should have said so earlier, want a granola bar too?" Ranboo answered immediately, his fear suddenly completely gone as he went to get up.

Tubbo made a groaning noise.

"Yes, thank you, you're an amazing platonic husband/best friend!"

"Any time, Tubbo."

THE SIREN'S LYRICS- PART 2

▽ listen, I had to keep going w the lyrics for my own mental health okay? I've been anxiously looking over my shoulder for a while now, I need a breather before I dive back into the hell that is Siren's texts and possibly discover more cryptic messages from Tubbo. That's it, let's just get to it, because I found some more good ones.

""What time's the train stop?"

She asks me as I drawl

You're just so painfully punctual

I'm starting to get bored"

"Why do you all make it look so easy?

You open your hearts up so quickly it scares me"

"But I'm not afraid of empty rooms

I'm not afraid of new perfume

And in fact, my dear, I'm fucking terrified."

"Abuse those I love

While I ostracize the ones who love me

Back"

"I think I've made my choice

I'm a deceased playing victim

Slip the fate slip the victory"

"I hate to say it

But your sister was right

I'm a wanker

Complete wanker

A fucking waste of time"

"I'll trace figures on your smile lines

Work out formulae to cure me"

That's it for today, I tried to pick ones from different songs than last time for variety but I may have slipped in one or two from one of the same songs as last time. Anyway. I'll see you guys when I have enough mental strength to get back to the hellspace of Siren's texts.

NEIGHBOR UPDATE

▽ So my neighbors actually only got ten times more weird. Last time it was W saying he's died before and looking fine after he was stabbed, but you won't believe what happened today.

So, first thing first, I've been keeping an eye on my neighbors ever since. Which, btw, two more kids have sort of moved in too now, but they're a lot less likely to be seen around the building than the child. I think they're his friends or something.

Anyway the point is, this one day a couple of weeks after the stabbing incident, I walked into the elevator again to see this tall, dark haired woman I've never seen before around the

building.

She looked kind of tired, but seemed nice enough and didn't seem to notice me at first as she was on the phone with someone.

Then the conversation went something like this:

Woman: No, I don't care if they're overpriced, that's what he gets after he screwed us… Yes, I know… You know what? I'll deal with it. Just tell him that, see if he's interested in still doing business with us after he… Alright, thank you.

Then she hung up and that's when she looked over and almost jumped out of her skin as she saw me. She said I scared her and I just laughed and apologized. Don't ask me why, but for some reason I felt like striking up a conversation so…

Me: Oh, by the way, are you new? I don't believe I've seen you around.

Woman: Me? Oh, no, I'm simply too busy to be home that much. My family lives here though.

Me: Oh, really?

Woman: Yes, my husband and my children.

Then the elevator arrived at my floor and I got off, walking over to my door when it just hit me. The woman had not gotten off with me. And it was the last floor before the penthouse, the one no one can access.

I turned only to see her already putting in the code for the penthouse in the little keypad as the elevator closed.

I have, officially, met the mom. Who I was sure didn't even exist before.

What do I even do with this information?

Edit: No, I did not go though most of the comments in the last post as I didn't have the time to. Why?? Did something interesting happen?? I'll check it out.

Edit 2:... So, for my own personal safety, I think I might take my posts down in a while, I'll think it over.

THE SIREN'S TEXTS- PART 7

▽ *Rolls up after almost two weeks with a Starbucks pink drink and sunglasses on* Waddup bitches, I'm alive. And there were, in fact, no explosives found in my place of residence.

Hold on to your underwear cause these past two weeks I've been off have been… Eventful to The Syndicate.

Tommy: Wilbur

Wilbur

BITCH THIS IS IMPORTANT

Siren: TOMMY I'M FUCKING BUSY, THE FUCKING DREAM TEAM IS AFTER ME

Tommy: Shit for real??

Can you get me their autographs please

I'm not a hero stan, fuck that, Techno says they're corrupt

But I can sell those for so much money

Siren: NO

Tommy: Rude

Whatever, I'll ask mom, she says she does business with them

Siren: Didn't you text me for something??

Tommy: Oh right, I'm locked inside the washing machine

Siren: YOU'RE WHAT

Tommy: Techno said we could play hide and seek and just left me here

I'm starting to think he lied

… Nah, he wouldn't do that

Anyway the lid closed on accident and this shit won't open front the inside

Who would have thought they don't make this with locks on the inside??

What if a child gets trapped?

Not that I'm a child

I'm a man

I'm such a big man that I can admit I require assistance

That's such a big man thing to do

Siren: You're rambling

You panicked and are running out of air aren't you?

Tommy: WILBUR I'M GOING TO DIE

I CAN'T BREATHE

Siren: FUCK TOMMY WAIT STOP PANICKING, YOU'LL RUN OUT OF AIR FASTER

Tommy: WHY WOULD YOU SAY THAT NOW I'LL PANIC OVER NOT PANICKING

Siren: I'M OMW JUST DON'T BREATHE TOO HARD

[×]

Groupchat fam plus the adopted one

Dadza: ... So, our washing machine is broken because… ?

Siren: It was Techno's fault

Worst twin: What did I even do?

Siren: Don't you play innocent with me, Technoblade

You know what you did

Worst twin: I literally don't, that's why I'm asking.

Siren: YOU are responsible for our baby brother getting locked inside the washing machine

Worst twin: How am I…

Oh wait I know how

Near death experiences will make him stronger, Wilbur

Dadza: So which one of you wants to explain that story to your mother

Mumza<3: No need, I'm right here

Siren: HA YOU'RE IN TROUBLE, TECHNO

Mumza<3: You're both in trouble

Siren: What

Worst twin: HAH NERD

Mumza<3: Techno for almost killing Tommy accidentally, and Wilbur for killing our washing machine

Siren: FUCK

Dadza: Mate, how did you even do that? All you had to do was open the door to let Tommy out.

Siren: WE BOTH PANICKED, OKAY??

Tommy: Why did no one tell me watching your siblings get owned is this fucking satisfying

Fuck being an orphan I don't want that ever again

Mom can I have one of your cookies??

Mumza<3: Only one, Tommy

Siren: But you don't let us have cookies before dinner…

Tommy: Cain kinnies and washing machine killers don't get cookies, bitch

Siren: I SAVED YOUR LIFE

Tommy: Sucks to suck

Siren: You know, our building still has a community laundry with PLENTY of washing machines to punt little Tommys into…….

Tommy:...

MOOOOOOM

Siren: OH YOU LITTLE SHIT, SHE WASN'T EVEN YOUR MOM A MONTH AGO

[x]

Siren: Okay I actually can't do this anymore

Tommy what the fuck is that thing

Tommy: What's what bitch, be more clear

Siren: THE GREEN THING FOLLOWING TUBBO AROUND

Tommy: That's Charlie

Siren: It's a *person!?*

Tommy: Yeah don't be fucking rude man

He's gunky but that's not something he can control

Siren: He's leaving green slick all over the house

Tommy: You'll get used to it

Always turn the lights on when you're walking around though

Ranboob slipped and I think he broke his knee or something

Loser

Siren: Okay but WHY is it following Tubbo around???

Tommy: Big Q assigned him as Tubbo's bodyguard or whatever

It's actually pretty cool, Tubbo can blow shit up inside of his body

And he doesn't even mind

Siren: Of course this is just an elaborate way of Q's to make me suffer

Tommy: Or maybe he wants to protect Tubbo

Because you know, the world doesn't spin around you or whatever

That's very narcissistic of you

My therapist taught me that word

Siren: Since when do you go to therapy???

Tommy: Since Techno and you caused me washing machine-related traumas

Siren: I WAS SAVING YOU

Tommy: You fucking beat the shit out of our washing machine with a bat

[x]

Dadza: Wilbur please tell me I did not just see you and Tommy on the fucking news

Siren: You didn't

Dadza: Didn't I, though?

Siren: You're hallucinating

Oldza

Dadza: Uh-huh

Just explain while I call my lawyers already

Siren:...

It was Tommy's idea

He thought if we got the goat a lady goat it would stop coming after me

Dadza: Is that why you tried to kidnap a goat off of the fucking zoo in broad daylight!?

Siren: In my defense, I just followed Tommy's lead

Dadza: Did you, though?

Siren: Okay maybe I was the one who told the guy at the front gate that his car was on fire so we could sneak in without paying

But the rest was all Tommy

Dadza: I can't believe you two

Just wait until your mother hears about this

Siren: She actually thought it was hilarious

Especially because she figured out the goat is gay

So we need a guy goat instead

Dadza: Oh my fucking Prime

That's it for today folks. Adopted Tommy truthers, you've officially won, congrats. Rip the washing machine, it shall be missed.

I'll be back more often now, I promise. Also I'm so glad there were no more cryptic ass messages from Tubbo this time around…

WHAT'S HAPPENING

HOW DO YOU HAVE A PHONE

Groupchat fam plus the adopted one

Siren: I FUCKING TAKE IT BACK

Dadza: It can what now

Worst twin: hah, told you

Tommy: L

[x]

Unknown number: 
Siren: No I'm not

Unknown number: 
Siren: I hate this so much

Unknown number: 
Siren: I FUCKING KNEW IT WAS YOU, YOU BASTARD

WHY ARE YOU HAUNTING ME

Unknown number: 
[x]

Siren: Quackity I swear to shit I am killing your ex husband again

Quackity: Don't let me stop you

But also what did the whore do besides dying to avoid child support

Siren: He 100% came back into a goat to haunt me

Quackity: Ah yes, that

He did swing by the casino earlier to try to 'win me back'

I shot his fucking hooves or whatever

Siren: YOU KNEW???

Quackity: Duh

Siren: I'll fucking kill you too

WAIT YOU ACTUALLY SHOT HIM??

HOW

TECHNO COULDN'T EVEN SCRATCH HIM

Quackity: Wilbur what kind of fucking question is that

I'm Mexican, I carry bullets with salt and holy water with me everywhere I go

In case I need to square up to La Llorona or some shit

I did not grow up with stories of my grandfather fighting the devil with a rusty crowbar in the mountains and learnt nothing from it

Siren:... Shit okay yeah fair enough

And also, good idea

…. So, that's that I guess. The goat can text now, and he's 100% Schlatt, confirmed.

Also I will not address what Quackity said last bc… Yeah okay fair enough, I respect that.

I JUST SAW THE WEIRDEST GOAT

▽ I scrambled to get my phone to tell this tale but I'm actually so shaken I'm physically still shaking so if u see any weird spelling that's why.

So I was casually walking home with my roommate when out from the shadows of an alley comes a goat. Flying.

I mean this literally, as in, it was levitating off the ground. It looked rabid.

But the fucking worst part is that it spoke. It opened it's mouth and I'm pretty sure it called me a slur, but the voice was so deep and demonic I'm not even sure of what it said.

Then it started making weird noises, spit out foam from its mouth, and then it just. Went up into the sky and disappeared. I'm so serious right now, it rose into the sky standing on two legs, like Jesus Christ himself was calling in an audience or something.

I was too shocked to react but my roommate managed to take a picture. It's a little shaky but look at this…

Tubbo had been sick almost all week thanks to Tommy, who decided it was a wonderful idea to play in the rain like children. Was it fun? Sure, but Tubbo still got a cold while Tommy walked away completely fine, so he's 100% blaming him for it.

And after almost a solid week half-hallucinating in bed, Tubbo was more than ready to get back on the grind.

So he sat down at his desk, turning on his computer and sipping the tea his fake husband had so kindly given him. He decided to check Reddit to see what had happened during the week he was gone, only to end up spitting his tea all over his keyboard and— Fuck, he'd just scammed Wilbur to get him that new keyboard, hold on, he had to clean up before he was allowed to flip his shit…

Okay, clean up out of the way, he was good to celebrate now.

"OH FUCK YES!" Tubbo yelled, grabbing his phone and frantically starting to type away.

Okay, change of plans. Sure, fucking with Wilbur and the internet as a whole was funny, but fucking with his old man was so much better, and Tubbo was allowed some revenge over Schlatt. Actually, it was his birthright.

… And maybe he could still use this to torment a certain Reddit user and convince them he was on their walls and they had to check every possible surface for explosives.

But first he was going to need to recruit the help of Mom Q and his unholy amount of holy ammunition.

Chapter End Notes

THE SIREN'S TEXTS- PART 9

▽ Guys I'm being 100% honest when I tell you I would like to stop making mayor discoveries not only about Siren's life, but also about some other notorious villainous and not so villainous members of our society.

I will be straight with you (hah, me straight, that's a first) I heavily debated on whether or not posting this edition bc… Well, there is some information here that can potentially officially put me in legal trouble or change our society as we know it. For once I'm not being dramatic, and that's a lot to ask from me bc I'm a leo.

So you may be wondering then why am I actually posting this. The answer lies here:

[Attached image depicting the screenshot of an email. The sender seems to be a burner email address, and it only reads the following: 'Post it or I'll do it myself from your account ;) gotta keep the masses entertained. -Tubbo']

I… Have no fucking idea of how Tubbo knew I was debating whether or not to post this, or how in hell did he get my personal email as it's not linked to any of my social media. Heck, I don't even have the same social media username ANYWHERE. But I definitely don't doubt it's him. And I'm sorry but I'm scared shitless of the person who's raised by Quackity, biologically Schlatt's son, can build bombs and has hacked me and Siren after I've made absolutely sure no one would be able to do so… So yes, I'm posting it. Legal trouble and our

society possibly having repercussions because of this is nothing compared to Tubbo. I actually fear that child……. Anyway, enjoy?

Tommy: Why is Dream so lame

Siren: Agreed, he is

But what made you have that realization

Tommy: Mom let me come to work with her

She had a deal or whatever with the dream team

Siren: … Tommy mom is the head of the underworld mafia, why is she letting you come with her??? It's not an office work she RUNS THE MAFIA

Tommy: Awww you're worried something will happen to me?

Siren: YES? YOU'RE A KID STROLLING AROUND THE MAFIA TOMMY

Tommy: Fuck you I'm not a child

And mom said Techno and you used to come with her when since you were like 6

She says Techno stabbed his first person here

Siren: Okay you fucking got me there

But STILL

Tommy: Get over it bitch

Anyway as I was saying Dream is lame

You'd think he'd be cooler for the number one hero

But I just saw him trip because he can't see out of his ugly ass mask

He's like an old man, Wilbur. 404 had to guide him to the bathroom

And you still can't beat him??? He can't see

Imagine being so bad at fighting you can't take on a guy who can't see where he's going

Loser

Siren: First of all how fucking dare you, I can punt you into the sun with just my words if I want to

Second of all, you've been spending too much time with Techno

Third… I'll give it to him, I don't know how the fuck he does it but he can fight with that thing on

But yeah he's a loser

Tommy: The only cool one out of the dream team is Gogy

Siren: Gogy??

Tommy: 404, he's letting me call him Gogy bc we're such good friends already you know 😎

He's the only good one out of the three, Dream is lame and Flare is so fucking loud

Siren: oh no, I wonder what it's like to have to deal with someone so loud so often…

Tommy: Sounds fucking awful

And that's one of Big Q's fiancés?? He could do so much better than Mr anger issues

Siren: Try telling that to Quackity and see how long it takes for him to shoot you for saying that about one of his fiancés

Tommy: Are we like, sure Quackity is not under some spell or something??

His other fiancé looks like a fucking wizard or some shit

Fucking Harry Potter wannabe

Siren: Again, say that about Warp in front of him and see how long it takes for Quackity to kill you

Tommy: Why didn't he go for Gogy, he's like, the perfect man

Except he's colorblind but still

Siren:... Tommy, you do know 404 is Quackity's brother, right?

Tommy: What the fuck???

No he's not

Siren: Okay then ask him, if he's your new best friend…

Tommy: Don't be fucking jealous, Tubbo is my best friend… And Ranboob, a little

And fine, I will then

WHAT THE FUCK

Siren: I told you

How do you think Quackity met Flare?

Tommy: I don't know, while homoerotically chasing each other around the city because one's a hero and one a villain?

They don't even look alike

Siren: Tommy, Techno and I are twins and his hair is naturally pink

Tommy: But isn't Big Q Mexican and Gogy British?

Siren: Yeah they're adopted

Told you they were brothers though

Tommy: What the fuck

You're telling me Quackity scored the least lame option of Dream team because the perfect man is his brother

Siren: Not what I said, but sure

And Warp is like a package deal with Flare so

Tommy: Actually what the fuck Wilbur

… Wait does this mean Gogy is Tubbo's uncle?? And he never told ME!?

[Attached image, it's a screenshot from a conversation with Tubbo.

Tommy: Tubbo is 404 your uncle

Tubbo: yeah

Have you seen Ranboo? He got scared and teleported away with the microwave and I want my microwave popcorn back

Tommy: I feel betrayed

Tubbo: not everyone likes to do popcorn on the stove Tommy, jeez

Tommy: Oh yeah that too but I meant about 404 being your uncle

Tubbo: bro why I'm the one who had to deal with that growing up

He slept past my birthday once when I was 7 and I built a robot spider that spit fire and chased him around with it for 27 hours straight

Oh and hello reddit :)

Tommy: I won't ask]

…. Do you see now what I meant?? Besties I physically can't keep doing these discoveries.

So, what did we learn today? The top three heroes do deals with the mafia, the head of said mafia is Siren's mom, who we previously assumed was just like, a normal citizen. 404, one of the top three heroes, is the adopted brother to one of the top villains of the city. Said villain is engaged to not one, but TWO heroes, one of which is, again, part of the big three heroes of the city.

Oh, and 404 is Tubbo's uncle, because of course Tubbo had to be involved here somehow. Don't even get me started on how he knew we would see that screenshot, I'm starting to think his actual powers are mind reading or foresight or something.

The most trivial discovery was that apparently Dream can't see properly with his mask.

Who allowed me to get myself involved?? Prime, have mercy on me…

TLDR: Society as we know it is a lie. The system is corrupt. We shall never be the same. I shall never be the same. Dream can't see with his mask on.

OK I'm never one to leave comments BUT… there's something so romantic about a villain and two heroes falling in love and getting engaged despite the circumstances, especially if you consider the fact everyone knows Schlatt was a terrible husband and Flare as part of the dteam was personally involved in taking him down. Like idk something something narrative about you falling in love with one of the ppl who helped you escape your abusive husband ya know?

Okay yeah Quackity, Flare and Warp being a poly couple is all kinds of both amazing and tragic but have y'all considered the fact 404 and Quackity are brothers who are on opposite sides?? Like what's the story there?? It sounds like they have (or had? Back when Tubbo was little?) a good relationship but like how does that work professionally? Have they ever fought with each other?? Cause I think so but I'm so confused rn…

This does honestly changes a lot about society, but something tells me every autistic gay bitch on here will just hyperfocus on Quackity, Warp and Flare's relationship to the point we'll have a ship name war trending on Twitter. Tubbo was, once again, having the time of his life as he checked Reddit on one monitor and Twitter on the other monitor he'd, again, scammed Wilbur for.

And you know what? Fuck Karl, he didn't know what he was talking about, Flarpity sounded awful for a ship name. It sounded like a deflated penis, Tubbo was 100% team Quackware all the way.

Personally, he liked Karlnapity better, but the internet didn't know Karl and Sapnap's names so he'd have to settle for the next best thing.

He was about to clown Karl for his completely ridiculous tweet when his phone started ringing. He picked it up without checking who it was, as he already had a suspicion.

"Tubbo, what the fuck did you do?" Quackity asked. Tubbo put on his best innocent voice as he kept typing on his computer, putting his phone on speaker.

"Why do you assume I did anything?"

"Because somehow my relationship with Karl and Sapnap is leaked into the internet and I raised you, I *know* you have something to do with it." came Quackity's response.

"You have no proof," Tubbo answered nonchalantly as he leaned back into his chair.

Quackity's frustrated sigh could be heard on the other side of the line. He took a moment to remind himself he couldn't kill his own kid before he spoke again.

"Okay, whatever, we'll deal with this later—for now we need to get rid of your asshole dad."

"Did he leave you goat fur all over the cat door again?"

"And a dead rat, yes." Quackity answered tiredly and Tubbo winced sympathetically.

"Okay, I'm on my way. I'm totally convincing Wilbur to buy me new shit after we've done him a favor by getting rid of Schlatt." Tubbo said as he got up and stretched.

"Tubbo, we're rich, you can have anything you want… But that's how I raised you, good job. Make sure to emotionally manipulate him with your puppy eyes." Quackity said, sounding proud.

"Of course I will. See you in a bit."

Chapter End Notes

Slightly longer, yet more nonsensical chapter posted at a decent time?? What's happening today??

Anyway yeah not much Siren lore this chapter, but we got the internet obsessing over Karlnapity—sorry, QuackWaRe... Flarpity??... Yeah

Up next: The consequences of Schlatt's actions catch up to him in the form of him being brutally murdered by his ex husband and kid 🫶

Also, op continues to fear for their life thanks to Tubbo and his Nefarious gremlin bullshit

Fuck you goatman

"So, enough of that. Warp, why don't you tell me about the recent hot internet gossip going around relating you?" The interviewer, a young woman with blonde hair, asked.

Warp chuckled, smiling at her with mischief. "Oh? What would you like to know about it?"

"Well, for instance: is it true? Is one of our hot bachelors not a bachelor anymore?"

Warp let out a laugh at that, absent-mindedly fidgeting with a chain around his neck.

"Man, I wish. Have you seen Flare? He's got amazing thighs. And I'll say Quackity is actually quite handsome too. I'd be lucky to be the one marrying them."

Tubbo almost laughed as he went to put his phone away. Oh, Karl was fucked, Quackity was going to give him an earful once he saw what he'd said.

Something about how "It's supposed to be a secret, Karl, you're heroes and I'm a villain!".

Oh, and Sapnap was definitely getting a similar enough talk from Dream right now, Tubbo was sure of it. He'd seen him go into dad friend mode multiple times, it was actually hilarious, especially around his uncle Gogy.

Speaking of, Quackity rounded the corner just then, a duffel bag hanging from his shoulder.

He made it to Tubbo and unceremoniously threw the bag into the floor, opening it and swiftly passing a bat covered with nails to him.

"What happened to not giving weapons to your kid?" Tubbo said, but accepted the offered bat either way. Quackity gave him a deadpan look as Tubbo gave the bat an experimental swing.

"The same kid who can create bombs with his hands since his powers came in when he was 4?" Quackity said, shaking his head as he pulled a multitude of guns from the bag. "I'm never fucking forgiving you for that, by the way. You blew up the fucking Christmas tree and woke up the entire block at 5 am."

"You should thank me, I'm at least 70% sure that scare from that initial explosion is what gave my sperm donor the heart problems that eventually killed him."

Quackity clicked his tongue as he went about checking the guns were all charged, pulling out a flamethrower too and passing it to Tubbo. "Fair enough."

Quackity got up, storing the guns in multiple hoisters around his hips. "The nails on the bat are both blessed and drenched in holy water, by the way." He said, as casually as if he was discussing the weather. "The gasoline on your flamethrower is blessed too."

"Fucking sick," Tubbo said, checking over the flamethrower. It was a Boring Company model, Tubbo personally always used a homemade one inspired by a PulseFire model. "Can I get a gun?"

"No, you'll steal it and use it to terrorize Wilbur." Quackity said.

"I thought that would just convince you to give me one."

"I'd love to for that reason, but I like my peace treaty with The Syndicate and the Death Goddess Mafia, thank you very much." Quackity said swiftly, starting to make his way over to the abandoned warehouse where they'd successfully located Schlatt to be.

Tubbo booed him, but followed him, double checking his knife was strapped to his hip too, along with his small homemade holy water bombs.

"Do you want to do the honors?" Quackity asked, slightly distracted by picking a gun to wield.

"Yes, I definitely do!" Tubbo answered excitedly. Quackity stepped back, giving him some space. Tubbo took a breath, touching the two metal doors with his hands as balls of yellow energy grew from his palms.

He pressed them to the doors and suddenly the doors went flying inside the warehouse with a loud boom, Tubbo grinning maniacally at the now entrance.

"DAD, WE'RE HOME!"

A WAREHOUSE IS FOUND TO BE A POSSIBLE CRIME SCENE

▽Today a concerned neighbor reported hearing screams all thought the day on this particular abandoned warehouse on the outskirts of the city.

When police arrived on scene they reported it, "Kind of smelled like a barbecue" and the doors seemed to have been blown up by some sort of explosive.

Upon further inspection they found a multitude of bullet shells all around the floor, some scorch marks that could indicate the use of fire, and a mysterious half melted portion of the ground severely burnt and with remnants of hair and an unknown substance.

The police will further investigate but until further notice is has been declared a possible crime scene.

UM…. UPDATE???

▽ I am severely disturbed. I received a small video to my email again (which, mind you, I did change since last time) from, you guessed it, Tubbo.

I just…….. Yeah whatever just see for yourselves ig. I'll go have 5 shots of espresso mixed with an unholy amount of vodka.

[Attached video. It's from a camera in an abandoned warehouse.

The first few seconds show the inside of the abandoned warehouse when suddenly the doors fly inwards after a loud sound. Tubbo appears on the doorway, screaming 'Dad, we're home!' in a eerie voice.

Tubbo stepped inside, brandishing a bat with nails and with a flamethrower on his back, quickly followed by Quackity, who was carrying more guns than he should.

A few seconds later, the camera glitches for a moment as another figure comes into view. It's seemingly a goat, floating mid-air on its hind legs, its back to the camera.

"The fuck? That was open, you know." The goat says, the voice sounding static-y and slightly demonic.

Quackity responded by aiming and shooting at the goat, who barely managed to hover away from the bullet.

"Pumpink, we can talk about this. Your two fiancés can't be better than me!" Goat-Schlatt said. "Besides, they're heroes, the fucking pussies…"

Quackity is seen aiming again and the footage briefly cuts as he shoots. It cuts to Goat-Schlatt now laying on the ground instead of levitating. Steam is coming off of him, barely visible by the camera.

"Talk shit about my fiancés one more time, motherfucker." Quackity says, reloading the gun.

The footage briefly cuts again and now shows Tubbo laughing maniacally as he shoots his flamethrower, chasing around Goat-Schlatt, who is moving around the air like a fly that's gotten swatted away one too many times. Some of his fur looks burnt and matted.

"... And that's for being a shit dad, you asshole!" He's saying as Quackity calmly watches from the sidelines, loading one of his guns and carefully aiming before the footage cuts against.

The time stamp on the camera shows it's an hour and a half later. Quackity and Tubbo are both laughing breathlessly as they calmly make their way outside of the premises, a black spot on the ground and multiple bullet shells left behind.

End of video.]

The goat is fucking gone y'all. I am even more terrified of Tubbo now. Good fucking night.

THE SIREN'S TEXTS- PART 10

▽okay listen I need something to distract myself from the fact that Tubbo keeps fucking with me specifically so yes I dived back headfirst into Siren's texts (seriously starting to consider calling him Wilbur bc I feel like at this point I've formed a parasocial relationship with him via me reading his texts, notes, and even his song lyrics. Might as well go first name basis at this point. I actually know first hand how he thinks and how much of an idiot he is).

Anyway enjoy, this might be a longer edition bc I needed the distraction and I got sum good stuff, including, you guessed it, yet more revelations that could potentially put someone into a coma from how shocking some are.

I am immune at this point istg.

Dream: [Attached link to a news article about mysterious goat sightings]

Siren: Ah, you finally remembered you have my number

Dream: Just explain

Please

Siren: How are you so sure I'm involved?

Dream: Because I hooked you up with a guy who ships stuff out of the country and apparently you shipped a whole goat to Bulgaria

Also, Sapnap's been saying Quackity has talked about it and apparently it was Schlatt hunting you

Siren: Is*

Dream: Was.

Sapnap told me, apparently Quackity and Tubbo were the ones who left the mess at that abandoned warehouse

The puddle was what is left of Schlatt

Siren: What the hell are you talking about??

Dream:... So you haven't checked the news

Siren: No?? I'm not on them today, why should I?

Dream: [Attached link to a news article about an abandoned warehouse being found to be a possible crime scene]

Siren: Holy shit that's gnarly

Dream: That's Schlatt's remains

Siren: WHY did he melt like that???

It's like a witch touching water or something

Dream: According to Quackity, that's almost exactly what happened when he touched one of Tubbo's holy water bombs

I think Tubbo recorded it

Siren: I'm terrified of Tubbo

Dream: It's a shared sentiment

Siren: Oh btw my brother wanted your autograph to sell it on ebay

Dream: Techno??

Siren: What no Tommy

Dream: Oh the kid Kristin brought to the meeting?? Didn't get a good look at him

Siren: Yeah I know, apparently you can't see shit with your mask on

Imagine being rich and not being able to pay for a new mask or new clothes

Dream: What's wrong with my clothes? :(

Siren: I mean this as a friend… But the exposed hips and low waisted pants make you look like a slut

Dream: Are you slut shaming me!?

Siren: Yes.

Dream: Okay fuck you I like it

And so does George

Siren: Of course he likes it

Dream: What's that supposed to mean

Siren: You tell me.

You're the one who brought up George's opinion on your outfit

Just marry him already

Dream: ... Okay I have work to do

Siren: Uh huh

Dream: Don't uh huh me you little bitch

And tell Techno we're still on to play tomorrow

Siren: I'm not your messenger boy

Dream: Okay fine you're invited too

We're playing Among Us

Siren: I'll make sure to tell him

[x]

Tubbo: Wilbur

Siren: How did you unblock yourself again

Tubbo: Magic :D

Anyway I need a new phone

Siren: And why are you telling me…?

Tubbo: I killed my sperm donor, I did you a favor

Siren: What

Tubbo: The ghost of my dad is no longer haunting you thanks to me and mom Q

So I feel like you owe me

Siren: ... Aren't you the heir to Las Nevadas?

So you're rich and stuff

Tubbo: Yup

Anyway here's the model I want [Attached link]

Siren: WHAT IS THAT MADE OF IT'S SO EXPENSIVE

Tubbo: You have the money

And… You… Owe… Me

Siren: I'm not buying you that

Tubbo: Wilbur I know where you live

I can make a bomb either with my own two hands or with a microwave, a spoon, and duct tape

Siren: Are you threatening me!?

Tubbo: I'll expect my new phone in the next 24 hours

Siren: I-

There's no next day shipping though

Tubbo: Figure it out :)

Siren: ...

Wait did you block your own number again

YOU DID

TUBBO HOW DID YOU DO THAT

OKAY FINE I'LL GET YOU THE PHONE

[x]

Groupchat fam plus the adopted one

Siren: ... I wasn't the only one who heard that right

Worst twin: I heard it an I'm inside the soundproof training room.

Tommy: What the fuck was that

Dadza: Nothing

Siren: ... Huh again?

Worst twin: It has been a while since last time.

Siren: It has

Tommy: Wut

What are you talking about

Dadza: We're having pizza for diner

Siren: He's changing the subject

Worst twin: So it did happen again

Mumza<3: Phil, dear, are you alright?

Siren: She just exposed you!

Worst twin: Just admit it already.

Tommy: Okay what the fuck is happening

Mumza<3: Phil was flying inside and crashed with the window

Dadza: No I didn't

Siren: Then what was that noise

Worst twin: Yoooo he totally did

[Attached image. It's a picture of presumably Phil, but op has blurred most of his face. He is holding an ice pack to his nose and is flipping off the camera]

Siren: Exposed

Tommy: What why did he do that

Mumza<3: Tommy, dear… He's a bird

Tommy:...

HOLY SHIT PHIL YOU CAN'T SEE GLASS!?

Dadza: Yes I can you little shit, the window was just too clean

Worst twin: I'm sure it was.

[x]

Siren: Okay seriously where the fuck did you get Clementine

Tommy: She spawned

Siren: No she did not, she's a fucking piranha Tommy

Where the hell did you get her

Tommy: Why do you want to know?

Siren: Because I need your supplier

Tommy: What for?

Siren:...

Tommy: I'm waiting

Siren: You know how yesterday we played Among Us with the Dream team?

Tommy: Oh yeah

The double kill me and Gogy pulled off was insane

Siren: Well George fucking killed me first like almost every time he was impostor and never got caught

So I'm sending him a box full of flesh chomping fish

Tommy: OK now I'm not telling you

Siren: Why!?

Tommy: Because I like Gogy

Siren: Tell me

Tommy: No

Siren: Fine then I'll get my own supplier

Tommy: Clem just fell into my arms either way

She's a super space fish who was orbiting earth and got pulled by my cosmic energy and then fell into my arms

Siren: Shut up Tommy I'm getting my own piranha supplier

You're a terrible little brother and I'm returning you

Tommy: Should have kept the receipt then bitch

Good thing I ate it

[x]

Worst twin: If it was you who took my old sword I will murder you.

Siren: Good morning to you too, yes, I'm good, I love you too, you're my favorite twin

What happened to that, Techno??

Worst twin: Did you or did you not take it

Siren: I'll consider telling you, if you tell me where all of my guitar picks went

Worst twin: I didn't take your dumb guitar picks

Siren: Fine, then I didn't take your stuff either

Worst twin: So, it was Tommy.

Siren: Probably

What does he want them for though

[x]

Groupchat fam plus the adopted one

Mumza<3: Boys, has anyone seen my umbrella? I have negotiations with the Italian mafia on Venice in an hour and I need my umbrella in case things go south

Dadza: The one that can shoot poison darts?

Mumza<3: Yes

Dadza: No idea

I can't find my crow mask either

Siren: ... I think Tommy may know where they are

Dadza: What makes you say that?

Siren: Because I found him on the training room with Tubbo and Ranboo doing this

[Attached image. It's a picture of a guy fully made out of green goo, standing shirtless in the middle of the room. There's a black umbrella sticking out of his arm, guitar picks all stuck to his face, an old sword sticking out of his palm, and a crow skeleton mask coming out of his shoulder. His body is slightly see-through, like green jello. There's also a lamp stuck to his middle. A hand is hovering by his side, about to put a back scratcher somewhere in his body. Another hand is holding a bottle of whipped cream.]

Tommy: In my defense, it's a science experiment

Charlie did say anything stuck inside him would stay there, we just wanted to test how true that was

Mumza<3: Tommy, please stop putting objects inside the body of Tubbo's bodyguard

Especially our items

And bring me my umbrella back, would you? I had to leave 5 minutes ago

Tommy:... Yes mom, sorry

So there you go, there's your content. Also yes, apparently Siren and Dream are friends, and the entire Dream team plus Siren, Blade and Tommy play fucking *among us* together.

I hate it here.

Tubbo you menace pls stop. Like actually, /srs, I can't take this anymore bestie. How the fuck did you even…

[Attached image. It's a photo of an empty jar of peanut butter. Next to it there's a note reading 'It was good, although I don't really like this brand. Get a better one next time :) - Tubbo'.]

Chapter End Notes

Here u go, new early update for you guys. I will say my new favorite way to write this fic is that I go into a random word generator and pick the words I like and just go off of that. The words were: mask, bomb, umbrella, orbit, disturbance and window lmao.

SO, ABOUT THE POLL LAST CHAPTER.

I will tell you what the the poll was about. Bc my friend is a bad influence he infested me with the dadbur worms again, so it was to add either Tallulah or Fundy (probably

Fundy) and Wilbur was about to go on his single dad arc.

Not necessarily like that though, another option was he becomes an underpaid babysitter as a side gig. Or him saving Fundy or Tallulah and then just like. Following him around everywhere now to the point it's creepy. Like he leaves them at an orphanage and by the time he's back home he opens his door to his room and bam there's a child there lmao.

Like this time he's not haunted by a goat but instead by a child with weird powers who's decided Wilbur is his dad now.

So the 1️⃣ emoji was the yes option and 🐸 was the no option. And y'all voted frog so, 💀. But if you'd like to see it then tell me and I might consider doing another poll with different emojis bc I feel like I set myself and you guys up by using a boring emoji and a frog, aka every homosexual's favorite animal.

Anyway gn.

Ps. I love artists who draw c! Dream with the slutty outfit that shows his hips. I saw 'mask' as a randomly generated word option and I took my chance.

Op are you okay?

THE SIREN'S TEXTS- PART… 11?

▽I am tired. Siren —Wilbur— is an idiot. That is it. Enjoy.

Gogmeister: Wilbur

Siren: I don't talk to traitors, sorry.

Actually I should thank you, you just reminded me to change your contact

George: Get over it

Siren: Never

You killed me every single round and no one found you out

Maybe I'd consider forgiveness if it weren't the first time you've betrayed me

George: Oh my god are you seriously bringing that back up?

Siren: You could have been one of us, George

It's literally in your blood

Your brother is a villain too

And you left us for a white man?

George: Okay first off, I like being a hero

Second, you're white too

And third, I didn't leave because of Dream

Siren: Who said I meant Dream

I just said a white man, I could have meant Sapnap

George:...

Shut up

Siren: Are you texting me to finally announce your relationship?

George: What relationship

There's no relationship

Whatever you're being an idiot, I'll just ignore you

And Dream asked me to tell you we're playing Minecraft tomorrow

But now I'm un-inviting you

Siren: Yet another betrayal

Should I be surprised?

George: Your sheep is paying for this

Siren: If you touch Friend I will murder you and burn down your dumb hobbit house

George: Okay

If my house is griefed tomorrow I'm telling Dream to put you in jail

Siren:... George, I'll be honest, king

For someone who says he's straight you sure suck a lot on Dream's [REDACTED]

[I don't tend to do this, but the conversation afterwards just turned into a bickering insult match and ngl, it's not looking good for George, but I decided to save him the humiliation. They went at it for an hour though]

[x]

Siren: Tommy I swear to God

Tommy: It was Ranboo's fault

Siren: Do you even know what I'm accusing you of?

Tommy: No but still, probably Ranboo's fault

Hear me out, wild idea: maybe even Tubbo's fault

Siren: Tommy.

Tommy: Wilbur.

Siren: There's a parrot in my room

Tommy: Oh that

His name is Frank

Siren: Why did you put another animal inside my room

It was hard enough to get Henry out

I still don't even know how the fuck did you put him in there in the first place, he can't fit through the door

We had to break the wall to get him out

Tommy: Henry liked your room but Phil did pay to get him a nice barn and he likes that better so I won't say anything

But come on, Frank is sooo small

Let him stay

Siren: If he's so small then why aren't you keeping him at your place?

You know, like Clementine

Tommy: Oh I can't do that, big man

Siren: Why

Tommy: Well…

Siren: Tommy

Tommy did your bird just call me a discord kitten

Tommy: I mean I'm not exactly there to tell

But probably, yes

Siren: What is wrong with your bird??

Tommy: Wilbur that's rude, he's perfectly normal

But that's why he can't stay, Tubbo taught Frank a lot of random shit

Siren: HE JUST SAID "WILBUR, BUY TUBBO SOMETHING"

Tommy: Oh he also likes to scream at 3 am for fun

Take care of Frank, Wilbur

You're the best big brother

Siren: Tommy I will murder you in cold blood

Tommy: I'm pretty sure threats count as child abuse, king

Just letting you know

[x]

Group chat fam plus the adopted one

Dadza: Okay everyone, meeting. Right now

We have important tasks to assign

Siren: Like, family meeting or Syndicate meeting?

Dadza: Both

Siren: As your son and technical employee, that's a bit micro-manager on your part, Phil

Dadza: Congratulations Wilbur, you took too long because you typed shit instead of coming already

Techno got first pick

Siren: FUCK

Worst twin: L.

Dadza: You get 4-8 am patrol through the Z sector of our territory for the next 4 days

And you have to do the dishes for the next week

Siren: One day, Phil

One day I'll abolish this dictatorship

Dadza: It's literally a democracy and I'm your father you little shit

Shorter edition I think but don't @ me, I haven't slept all night because I fear when Tubbo will strike next. First it was my peanut butter, next what? My batteries?? My socks?????

TLDR: I am tired. George likes to suck dreams dick or something idk. The parrot can say 'discord kitten'. I don't even know.

Edit before I post this: WHAT THE FUCK I'M LIKE ACTUALLY 90% SURE TUBBO DID ALSO STEAL 3 OF MY SOCKS. I'm gonna kms.

Wilbur frowned down at his phone as he shoved it back into his pocket, ignoring the small spam of 'L's that Tommy had started and Techno had piggybacked off of.

Techno was apparently having the time of his life mocking him for scoring the worst possible time for a patrol in the worst possible area, and Tommy was of course doing the same, so Wilbur was currently wishing he was an only child.

He had no twin. Techno was a fucking traitor. And he was 100% returning Tommy this time too.

He scoffed, idly kicking a can along as he walked down the streets.

When a hero patrolling meant stopping crime, for Wilbur it meant more "make sure the low criminals working for us stay in line and don't fuck up", so overall, pretty boring.

At least it was nearing 7 am and Nikki's bakery was nearby, he could at least get breakfast there before coming back home and crashing for the rest of the day.

He was considering whether Phil would notice if he turned in early or not (he would, Wilbur was almost sure one of his crows was tailing him) when he heard a guy screaming.

He turned, only half interested and fueled by morbid curiosity, only to almost shit himself when he saw the problem.

A dude riding a bike was speeding towards a little kid, apparently unable to stop himself.

And the kid wasn't moving away.

So Wilbur did the logical thing and used his powers.

"Move away!"

Chapter End Notes

Okay everyone listen up bc I have some announcements. First, I was thinking and this fic may only have 20/25 chapters, that means approximately 10/15 more chapters, waddaya think?

Second, the dadbur... I will leave it up to you, tell me if you want dadbur content or not and the majority will either get it or not.

Third, listen closely, I'll do another vote. Only pick one, and choose wisely. I'll use equal emojis this time guys here we go
🍊🍓🍏
Again, choose wisely

PS. The random word generator continues to be a true trooper 💪 the words this time were Frank, announcement, manage, abolish, abuse, and bike.

... I feel like some of the ways I incorporate the words and build the scenes around them says a lot about my thought process. Oh well.

SIREN SEEN SAVING PEOPLE

▽ Today at around 7:38 am, civilians reported seeing Siren, a part of the famous villain group 'The Syndicate', saving a small child from getting run over by a passerby who lost control of his motorcycle due to his powers causing it to malfunction.

Witnesses report Siren used his voice to force the child to react and get them out of harm's way.

After the fact, he apparently approached the shaken child and guided them away as he made sure they went unharmed.

Is our vicious villain changing occupations from villain to hero?

[Attached image. It's a shaky photo of Siren, kneeling next to the child and looking them over.]

THE SIREN'S TEXTS- PART 12 :)))

▽ Hello, dear internet. Tubbo here. Op is a bit… preoccupied at the moment, might or might not be dealing with something relating a minor explosion. Wasn't me though :) and even if it were, they can't prove anything.

So I'll be your host this evening, and I hope you guys enjoy the selection I put together for you :) I know I did… this is an informative one….

Siren: Father help

A good portion of the internet are calling me a hero

I hate it

Dadza: It's your own fault

But also, good job

Siren: BUT I'M A VILLAIN

Dadza: I know, Wil

Siren: I hate being called a hero

Dadza: I know, Wil

Now go get the dishes done

Siren: I need a therapist, Phil

Dadza: No you don't

And the therapist is already busy enough dealing with Tommy and his washing machine related trauma

Which may I add, you caused

Siren: I hate all of you

And I especially HATE TOMMY FOR LEAVING HIS SOGGY NAPKINS INTO THE SINK

WHO PILES THEIR NAPKINS INTO THEIR PLATE AND PUTS THEM DIRECTLY INTO THE SINK???

YOU'RE RAISING AN ANIMAL, PHIL

Dadza: Didn't raise shit with him mate, he raised himself for 16 years

[x]

Siren: Techno, have I told you before you're the best twin ever?

Worst twin: You have my contact saved as 'worst twin'

What do you want

Siren: Okay wait first of all, how do you know that?

Worst twin: Your phone has face recognition and we're twins

Siren: You've gone through my phone!?

Worst twin: Wouldn't be the only one, or the first one

Siren: What's that supposed to mean?

Worst twin: Don't worry about it

What do you want again?

Siren: Okay…

Want to come with me on patrol tonight?

Worst twin: Literally why would I do that

Siren: Because I'm bored and you're my twin??

We can go look for some nobody robber and kick him a little if you want

Maybe ask mom for a list of some of hers she needs taking care of

Worst twin: Sounds tempting…

Nah

Siren: Pleaaaaase it's boring

And I need you to keep me from any more incidents

Worst twin: You want me to babysit you?

Siren: I mean I guess…

Worst twin: I've done that for 23 years already, Wilbur

Siren: Ugh fine

Can you look after Frank then?

Worst twin: Tommy's parrot that screams at you at 3am?

Sure

Siren: Somehow I can't help but feel like I've made a mistake…

[x]

Dadza: [Attached video. It's Frank the parrot saying over and over 'Wilbur looks like a worm']

Mate you did this to yourself

Siren: I fucking knew it

My own twin is my worst ENEMY

[x]

Groupchat Homos plus Wilbur

Siren: George, why is Friend currently hanging in the air over a pit?

George: That wasn't me

Siren: Making a flint and steel as we speak

George: Dream ban him, he's going to burn my house

Siren: He's in the Nether, he won't see that now

…

Sapnap: He has a special ringtone for George

Siren: Dream what the fuck did you just ban me from the Minecraft server

I demand a revision of my ban, I did nothing wrong. I just crafted something!

What happened to freedom?? It's in the constitution of this cubic world, Dream

'Thou shall be free to craft what you want'

Quackity: Oh my god Wilbur can you shut the fuck up

Some of us are trying to get some work done instead of playing fucking Minecraft

Karl: Babe, can you come on? Sap, George and I are making a mushroom kingdom :D join us

We can do a bridge so it connects to your city

Quackity:... Give me 15

Siren: Simp

Quackity: Sorry I don't hear single losers whose exes have restraining orders against them

Siren: I'll let you know Sally asked to see me today

Dream: Wait she did?

Siren: Oh so now you show up??

But yes, she did

I'm leaving now to see her

I expect my ban will be lifted by the time I get back

Quackity:... Okay he's gone so

I'm calling it, she wants something

Sapnap: Definitely

George: Probably money

Karl: Definitely, bro's getting scammed today

Dream: I'll unban him only if I feel bad enough about him getting played by his ex

Sapnap: Anyway Dream can I get membranes to fix my elytra

George is getting on my nerves gliding everywhere

Karl: Sap… Sharing is caring <3 share with your fiancés

Sapnap: Fine but if Q accidentally dies somehow then that's on you

Quackity: What the fuck

I'm not a noob

Sapnap:...

Karl:... Sure you're not, ducky

Quackity: I don't care if we're not married yet

I'm divorcing you both

I hope you enjoyed it :) and yes, Warp's name is Karl. My preferred ship name is Karlnapity, use it or I will find any one of you who still uses Flarpity. Quackware gets a pass because it's the least stupid option.

1. If op asks, I was never here. It'll be our secret.

Wilbur anxiously checked his phone again, shifting his weight from one foot to another and sighing. He was about to compulsively check his hair on his front camera when finally, someone rounded the corner.

Wilbur perked up at the sight of orange hair, but sadly, it wasn't Sally.

Instead, it was a child. Couldn't be any older than 4 years old.

Wilbur blinked as the child stopped in front of him, shoving a letter in his direction. He took it, confused, and turned it around to see Sally's impeccable cursive, writing 'To Wilbur'.

Well, okay then.

He glanced briefly at the kid, looking up at him expectantly, and then opened the letter.

Siren: PHIL PHIL PHIL WHAT DO I DO

WHAT

DO I

DO

???

Dadza: About what??

Wilbur? You still there?

Google: What to do when your ex sends you a letter via a kid telling you you're the father to that child

Google: How to tell how old a child is

Google: Do four year olds still wear diapers

Google: WHY IS MY CHILD GROWING A TAIL

Google: Parenting schools near me

Google: Why are parenting schools not a thing

Google: Do four year olds talk

Google: DO FOUR YEAR OLDS HAVE A NAME

Google: Baby names

Google: 911 THE CHILD IS GONE

Google: WHAT TO DO IF MY SON WAS KIDNAPPED

Google: Do dog whistles work on children

Google: Does being a parent cause anxiety

Google: Anxiety medication

Google: How to tell my family I have a kid

Google: pregnancy reveal party set

Google: it's a boy gender reveal balloons

Chapter End Notes

Congrats, you unlocked the Fundy route with the previous poll. Come get your atoms of dadbur content. The other options were Tallulah of Fundy and Tallulah as twins.

Wilbur's going on his dad era now, officially.

ARE 404 AND DREAM AN ITEM? - AN ACTUAL ESSAY

▽ OK at first I didn't know where the hell to post this but uh, admin's given me the clear to put this absolute nonsense here so…

Is this a question absolutely no one has asked before? Because I tried to look you guys. You know what I found? A single tweet with like 3 retweets, 8 likes, and 2 comments, one of which just calls op delulu. And I found exactly two (2) fics. One of them on Wattpad, the other on Ao3, where this is not even a relationship tag.

So, I know some of you are well aware of The Texts™ account. You know, the one account on the villain updates subreddit who hacked Siren's phone. Well, although at first they faced a lot of criticism and claims to be faking the texts, it's a well-known fact now that there's no way they are indeed fake, and that op is very much telling the truth. So, having said that, let's examine 404 (Or George, as it's come to be known is his name) and Dream's actions and wording relating each other in the texts.

The first time this is alluded to is by Dream himself and also, Siren, after he slut shames Dream (a valid thing, he's right, the exposed hips ARE slutty). To this, Dream answers the following:

Dream: Fuck you I like it

And so does George

Siren: Of course he likes it

Dream proceeds to get defensive and ask what he means, and Siren, being a total menace, answers, and I quote, "You tell me. You're the one who brought up George's opinion on your outfit. Just marry him already".

Dream then decided to very clearly avoid the subject and said he had work to do.

After that, more 'incidents' have been brought up, this time by George and Siren, where Siren once again implies there's something going on there. I won't add the full text for this because there's still actual video proof I need to go over and this post will be ages long then, but of course I need to bring up the infamous quote by Siren:

"George, I'll be honest, king. For someone who says he's straight you sure suck a lot on Dream's [REDACTED]"

(Oh, and for the record, to whoever started selling shirts with this phrase on Redbubble: You are doing the world a service and we thank you for it. I already got mine. And props to Siren for the stroke of genius that is that line, truly brilliant).

Then, we got the revelation that *Dream has a special ringtone for George* . Thank you for that nugget of information, Sapnap.

When we put all that together, it definitely is suspicious (Siren: You left us for a white man. 404: I didn't leave for Dream. Siren: I didn't mention Dream. 404: Shut up.) and it raises some eyebrows.

But okay, sure, that by itself is not a lot to go off of, right?

So here's the second part of the post: The photographic evidence.

Yes, I did in fact go back and check again every possible interview to search for something. I have plenty of time on my hands and guess what? I found a gold mine. I'm talking hundreds, if not millions of individual incidents that could point towards *something.*

I had to narrow down the list to the actual, most incriminating evidence for the sake of this not being a post that's kilometers long, so here we go.

[A bunch of attached images. It's the Dream Team sitting at a large couch for an interview. Despite there being plenty of space, George and Dream are sitting as close as possible while Sapnap is slightly further away from them, at the end of the couch.

Another picture of another interview, Dream has a hand on George's knee as they again sit squished together while there's plenty of space to sit.

Another picture, of George looking up at Dream with a starstruck expression as Dream is talking to the camera, waving his hands around.

A small video taken from a distance. George almost trips and Dream smoothly grabs his waist and pushes him back on his feet. What little is visible of George's cheeks under his goggles clearly turns red and Dream takes exactly 4 seconds before he takes his hands back.

A small video compilation of how Dream's head always moves so his mask is facing George, even when he's not speaking and just sitting there.

A small video compilation of George doing the same and smiling fondly at Dream during interviews].

This is the tip of the iceberg, people. I have enough evidence for at least 10 more posts. So, my final verdict: There's something happening there, but neither has said anything yet to each other about their feelings.

TLDR: Dream and 404 are 100% down bad for each other but they are actually idiots and don't know.

HOLY FATHER OF CHRIST

▽ What the fuck what the fuck what the fuck WHAT THE FUCK WHATHEFUVJEGIS

Guys. *Guys.* Ok yeah first of all I'm sorry for the lack of posts, pretty sure Tubbo was behind my *Rick and Morty* socks fucking *exploding.* Like how??? Did he even???? THEY'RE S O C K S???

Also why the Rick and Morty one bro, couldn't have done the Simpsons ones? Bc I hate those they're such an obnoxious yellow dude.

Anyway yeah so that prompted a whole other search of my house for anything else exploding and then I was actually terrified low-key so a friend let me crash on her couch for like 2 nights before I was brave enough to return to my place.

Now, allow me to freak the fuck out again.

GUYS WHAT THE FUCK I'M SO… I HAVE NOT FELT LIKE THIS SINCE I FIRST DISCOVERED I COULD READ SIREN'S TEXTS.

Okokokok SO……. Um, remember how I said a while back I have access to Siren's other info on his phone, *including his search history?* But I said back then 'oh well there's nothing interesting there so I won't do an edition on that'.

I got the impulse to check earlier, just for the kick of it, and now. Now there's. Something. Like, Something. With a capital S.

But I… I don't think I should post it. I know I know asshole fucking tiktoker move to go 'guys I found something' and then not post it but uhhhh yeah for once I am having a moral dilemma like I had when I said I wouldn't leak his entire song lyrics except this is…. Serious.

I'm just lost guys idk.

I'll think about it ig. But like it's pretty big…

THE SIREN'S TEXTS- PART 13 ;)

▽Op took to long so I'm making the decision for them. Hi, yes, Tubbo again. This is way to interesting to let it unposted. Enjoy ;)

Google: What to do when your ex sends you a letter via a kid telling you you're the father to that child

Google: Do four year olds still wear diapers

Google: Parenting schools near me

Google: Why are parenting schools not a thing

Google: Do four year olds talk

Google: DO FOUR YEAR OLDS HAVE A NAME

Google: Baby names

Google: Peppa Pig episodes online

Google: What are the risks of prolonged screen time for children

Google: HOW DO YOU RAISE A KID

Google: 911 THE CHILD IS GONE

Google: WHAT TO DO IF MY SON WAS KIDNAPPED

Google: Does being a parent cause anxiety

Google: How to tell my family I have a kid

Google: pregnancy reveal party set

Google: it's a boy gender reveal balloons

[x]

Siren : QUACKITY

QUACKITY

QUACKITY

Q I AM FREAKING OUT

Quackity: Jesus fucking Christ Wilbur WHAT

WHAT THE FUCK DO YOU WANT

Siren: QUACKITY I HAVE A CHILD

Quackity: What the fuck are you saying now

Siren: QUACKITY SALLY JUST. LEFT ME A CHILD. AND HE'S MINE. AND SALLY'S.

Quackity: Okay first of all, what the fuck

Second, relax with the goddamn all caps

Third, WHAT THE FUCK???

Siren: Ok you know how I was going to meet Sally?

Well she didn't show up but this… This kid did

And he handed me a letter from Sally that basically said he's our son and asked me to look after him for a while

Quackity: What

Siren: I don't know and I'm FREAKING OUT

Did you know parenting schools are not a thing?? Why wouldn't they be? That's ridiculous

Quackity: I did knew that

Wait so why are you telling me this

Shouldn't you be telling Techno or something? Or your family?

Particularly Phil

Siren: NO

I don't know how I'm supposed to tell them, Quackity! I need to have a plan

And you have experience raising children, didn't you get Tubbo at like 16?

Quackity: Correction, I was a glorified babysitter for Tubbo at 16. I became his official parent at 19.

Siren: Does it matter? He's your spawn

How do you raise them

Quackity: Okay fine first thing first, how old is the kid?

Siren: He says he's 4

And I did not know he could speak until 15 minutes ago

Quackity. Quackity I lost him for like 2 seconds and it felt like I was going to die

I had met him for like a full 2 minutes previous to that

Quackity: Okay so you're attached already

And a shitty parent

Siren: Fuck you I don't belive you never lost Tubbo

Quackity: I didn't dumbass, because my neck was on the line

I had him on a kid leash at all times

And I put a chip and 5 trackers on him too

To this day I'm convinced he knew and only let me track him because he knew his dad would kill me if I lost him and he liked me

[Vouch. The leash was overkill though - Tubbo.]

Siren: Oh my fucking God my son is adorable

He just made the world's most adorable sound while eating his ice cream

Oh he's a fox hybrid, too

Quackity: Wasn't Sally a merfolk though…?

Siren: Yeah?

Quackity: And you only have Elytrian genes from Phil…?

Siren: Yes?? What are on you??

Quackity:... Are you sure he's yours?

Siren: OF COURSE HE IS

HOW DARE YOU

HE'S MY SON AND YOU'LL RESPECT HIM

HE *IS* MY SON

SALLY WOULDN'T LIE TO ME

Quackity: Ok chill

Whatever I'll help you

Come by the casino, I think I have some of Tubbo's old clothes still

And I have some parenting books too

Siren: You're a lifesaver

Omw

This was a fun one. Again, tell op I was here and you'll suffer the consequences <3

Wilbur had been careful. Extremely so, he had tried to make sure no one saw him carrying Fundy in his arms as he made his way over to Las Nevadas. He always carried one extra of his trusty mask with him (Tommy had called it shitty and useless multiple times. Wilbur had retorted 'where's yours, then?') so he'd had to throw it on because it was easier at granting him access to Las Nevadas as Siren than as Wilbur.

So he took the old clothes and the books and he was off, planing how the fuck he'd tell his family and deciding maybe that was a problem for the Wilbur of tomorrow.

Right now he was tired, and apparently Fundy shared his sentiment, as he eventually laid his head on Wilbur's shoulder and passed out on his arms.

Wilbur had to stop walking, silently scream at how cute that was, and try to keep going as normal without glancing down at his son every 5 seconds.

He's not sure how, but by some miracle, he makes it to his place and to his room without anyone intercepting him, and then he promptly starts planning.

That's when he glances at his walk-in closet doors and decides that maybe Fundy needs to hide for a bit. Just until tomorrow when he figures out how he'll tell his family.

Okay so he lied, Fundy's been sleeping in the closet for almost 3 days, like he's some sort of cat he adopted off the streets and he's not allowed to have. But in his defense, finding the right opportunity to tell his family he's a dad now is complicated at best.

And sleeping in a closet can't be bad for a child, right? At least there's nothing against it in the parenting books.

And Fundy is already a quiet child, so he doesn't already make that much noise. For the most part, he's happy to just sit on the closet and play with Wilbur's old toys.

That's not to say Wilbur doesn't almost fucks up at least 30 times. Like when he left some of Fundy's new clothes outside and Tommy saw them, asking him why the fuck he had child's clothes. So of course Wilbur panicked and said:

"They're for Frank, your parrot!"

Tommy stares at him. Wilbur feels a bead of cold sweat coming down his back.

"Wilbur, you're such an idiot, those are too big for him. And overalls are boring. Next time, get him a suit."

So yeah, Wilbur's going through it.

That's why that morning Wilbur almost collapsed into the breakfast table, Tommy having to fish his head out of his cereal before he drowned in milk at least twice.

Across the table, Phil is giving him worried looks. Kristin is not home right now, off on a meeting in China, and it's a good thing because if she were home she would have interrogated the truth out of him in .5 seconds.

Instead, Phil says:

"Wil? Are you okay?"

And Wilbur, of course, decides to lie.

"Yes, just tired from the patrol."

Ok, not a complete lie, but just partially true.

Techno, however, has his eyes glued to him as he takes a scoop of his cereal and chews.

"Really?" he says, once he's done swallowing. "So it has nothing to do with what's in your closet?"

Two things happen at once. First, Wilbur physically startles so badly he hits his knee on the table. He's resisting the urge to writhe in pain and scream as he scrambles to say something.

"What are you talking about? There's nothing inside my clo…"

Then, a loud sneeze comes from Wilbur's room, followed by a crash. Fundy, knowing his dad asked him to be quiet, chimes in with a: 'Sorry, dad!' that can be heard loud and clear all the way to the kitchen.

There's a bit of silence. Then everyone raises their voices, all at once, and Phil screams over the noise: "YOU KIDNAPPED ANOTHER CHILD!? WE AGREED TOMMY WAS THE FIRST AND LAST ONE-"

And so, the secret is out to his family.

That night, and after a long, long day, Wilbur is finally putting Fundy to sleep (on his own bed this time, because Phil absolutely freaked out when he knew Fundy had been sleeping on top of a makeshift nest of stuffed animals and blankets staked on the floor of the closet).

That's when little Fundy looks up at him, eyes all starry and kind of melancholic, and says, in the smallest voice possible:

"Dad? I know mom said to stay here with you, but when can I see 'Llulah again?"

Wilbur blinked at him.

"Who?"

Fundy frowned, looking at Wilbur as if he'd said the most ridiculous thing ever.

"Tallulah, my little sister."

Wilbur keeps looking at him. Then he smiles and opens his mouth.

"... YOUR WHAT-?"

Chapter End Notes

A 3k chapter?? Dayum I think it's the second longest chapter so far. Anyway. Yes I changed the title from 'AITA for hacking a villain and posting his texts?' to 'AITA for hacking Siren and posting his texts?' bc let's be honest he's no villain no more, he goes around saving children now. Nah but fr, I felt like changing it idk.

Anyway. I'm a filthy fucking liar, Tallulah and Fundy are twins and are here even if that option didn't win in the poll. Felt a lil silly 🥰

I want you guys to know my words this time were brilliance, kidney (which I didn't use), jail, suit, crack and —I kid you not— Dream. So when I saw that last one I was like 'Well, dnf essay it is' (sorry, Drorge essay). And so the Drorge nation rises, and StarshipL establishes their place as creator of the most out of pocket, awful ship names ever. But they somehow stick.

Anyway gotta crash it's almost 6am

Wilbur is tired man

I'M… CONCERNED

▽ Um… So, I've deleted my previous posts about my neighbors because of reasons some of you may know (I won't say it because I'm still processing the fact this is happening to me and those are my upstairs neighbors okay? Also just to be safe). But I am… Mildly concerned now. So, you may recall I mentioned The Child appearing one day out of nowhere, well, lately I've seen W carrying around a ginger toddler I've never seen before.

And I'm just–I don't know. Should I call the police or something? Is he… kidnapped? What do I do?

HELLO????

▽ GUYS I WANT TO CHEW FUCKING CONCRET. DID YOU ALL SEE THIS!? I'M GOING INSANE OH MY GOD. THEY'RE SICK FOR THIS WTF.

[Attached video. It's a short clip of an interview with the Dream Team. The interview is very casual, presumably done by some YouTuber or other, and the three of them are lounging on the couch. Sapnap is the one talking at first, answering a question. Dream and George are whispering and bickering in the background, and George bats Dream's hand away as his mic manages to catch Dream's voice, saying a faint 'I don't need permission to touch your stupid hair, I'm your-' then the interviewer loudly laughed at what Sapnap said, cutting Dream off. Sapnap pointedly stares at them before the clip ends.]

THE SIREN'S TEXTS- PART 14 🥰

▽ Op might as well just let me run the account at this point, I'm so good at this. And Op is actually so dramatic, I sent them those chocolates as an apology. The box blowing up was totally not my fault, that happens all the time.

Anyway, enjoy the shit show of Wilbur's life.

Oh, and Dream and Gogy's ship name is DreamNotFound you idiots, use it right or don't use it at all. StarshipL, this is a formal warning :D

Groupchat fam plus the adopted one

Mumza<33333: Is anyone awake now?

Phil?

Dadza: I had the night patrol today so yes

I'm going home now, the kids are all probably still asleep

Techno should wake up soon for his early morning workout though

How's China?

Mumza<33333: Yes, it was good

But why is there one more child in our house?

Dadza: What

You're home already!?

Mumza<33333: The negotiations ended sooner than expected

So, why did I just help a cute little boy serve himself cereal at 6:45 am in our kitchen?

Did you take in any more children while I was gone?

Dadza: Uh, no actually

That's [REDACTED], he's Wilbur's son

Mumza<33333: I AM A GRANDMOTHER???

What???

Dadza: Yeah, Sally left him with Wil…

Mumza<33333: Oh Phil

I knew I shouldn't have put you in charge of giving the boys the talk

That's it, I'll do it with Tommy. There will be no teenage pregnancies in this house

And get more cheerios on your way here, your grandson likes them

Dadza: Okay…

Worst twin: Good morning to everyone too.

Quackity: I didn't say anything

Karl: Wait what did she do

Sapnap: And why don't we know, this is against our prenup agreement babe

Karl: Yeah what Sap said, why don't we know?

Quackity: In my defense I forgot

And we don't even have a prenup agreement, Sap

Siren: Sally and I have a child and she left him with me

George:... What

Dream: WHAT!?

Karl: Huh…

Sapnap: What the fuck?

Siren: That's not it, last night my son decided to ask me when he'd be able to see his sister again

Quackity: THERE'S TWO?

Dream: Damn nice work Wilbur

George: Ew Dream

Dream: Why ew, you don't like me talking about Wilbur's nut?

George: What is wrong with you??? EW

Karl: I mean congrats??

Sapnap: Wait so you didn't know there were two?

Siren: I didn't even know where was one

And I don't know where the other one is now

But I guess I have twins or something

Quackity: Okay. What did Sally say exactly?

Siren: Nothing, she just sent me a letter with [REDACTED] and said he was our son and I had to take care of him now

George: Well, contact her then

She can't just ditch you with one kid and leave with the other

Karl: Yeah what in the parent trap is that

I demand to see the little angel too

Siren: He's so cute look at him

[Attached images of a toddler with orange hair. Tubbo at least had the decency to blur his face]

George: He's kind of cute

Karl: What if I said that just gave me baby fever?

Sapnap: Karl, no

Karl: But what if 'Karl, yes'?

Quackity: Gummy, we're not even married yet

Karl: But ducky LOOK AT THAT :((

Quackity: Nope. No, toddlers are cute for 6 seconds and then they're a pain in the ass

Besides you already have Tubbo

Karl: Ah yes, my sweet adopted child who effectively threatened me and Sapnap with a banana peel and a shoe when he was 11 so we wouldn't break your heart

Sapnap : I still have nightmares

[Good :) - Tubbo]

Karl: But baby though :(

Quackity: NO.

[For the record, a baby brother would be fun. I could teach him to build bombs - Tubbo.]

Dream: Can we get back to Wilbur's problem?

Siren: please

Quackity: Ok fine, my dumbass of a brother is right

Have you contacted Sally yet?

Siren:...

Quackity: Wilbur…

Siren: I DIDN'T THINK OF IT OKAY

George: Oh my god you're such an idiot

Siren: I don't have her new number though

Karl: Dude, you're a villain. You can literally get it if you really want to

Sapnap: Or just ask Tubbo

Siren: N O

That child scares me

[x]

Tubbo: [Attached contact. It's Sally's new number]

Just because you said you're scared of me and that inflates my ego

Siren: HOW DID YOU

DID QUACKITY TELL YOU??

Tubbo: I know everything, Wilbur

Siren: BUT HOW…

And you blocked yourself again. Ok great….

Siren: Quackity did you tell Tubbo to get me Sally's new number?

Why?

Siren: WHAT

BUT HOW

I'm so scared of him….

Karl: Aw, that's my soon-to-be-official step son <3

[x]

Siren: Um, Sally?

Sally: I told you to leave me alone or I'd rip out your extensions, Brittany

I didn't give you permission to talk to me

Siren:... Wow yeah okay it was so hot anytime you did that

But I'm Wilbur

Sally: Oh

Siren: BEFORE YOU BLOCK ME

I just want to know why you left [REDACTED] with me

And uh also, he mentioned a sister…?

Sally: Ah yes that

Well it was about time he met his dad

And don't worry about his sister, you'll meet her soon enough

Siren: Oh okay

Wilbur was confused, staring down at his phone and sighing. He'd been reading a lot of Quackity's parenting books, and Phil had even given him some advice on how to raise children, but he still felt like he had no idea what he was even doing with Fundy, let alone would he know what to do with two kids depending on him.

He was trying but he felt like he really, truly, had no fucking idea of what he was doing. At least he had his family, Fundy had taken quite well to them, although Tommy had looked a bit jealous of him at first.

His mom had adored him immediately, taking him on small trips that nearly caused Wilbur a heart attack ("I just took him to Italy for a quick trip Wilbur, I'm sorry, I forgot to tell you! We'll be back in a couple of hours!").

Phil himself had decided to take him on flights too, which also caused Wilbur heart attacks ("Mate, relax, I'm not gonna drop him. I used to do the same for you and Techno.")

Techno apparently thought it was hilarious to try and teach Fundy to hold a weapon, thus causing Wilbur yet another heart attack ("Bruh, he's fine, he won't get hurt. Look, he can already hold a dagger. Show him, Fundy!").

Then Tommy, his beloved younger brother, turned out to be the most sane one when it came to dealing with Fundy. Actually, the worst thing he'd done was convince Fundy that Wilbur could buy him a unicorn, which resulted in Fundy giving him puppy eyes so much that Wilbur had to end up calling a guy to glue a horn to a horse and let Fundy see it.

… Or, well, he'd been the most normal one until the day Tubbo and Ranboo visited, with Tubbo's bodyguard of course, and by the time Wilbur walked in, he nearly had another heart attack. ("He wanted to know what it's like to have your head submerged in slime, Wilbur! He would have been fine!... Probably!")

So, in summary, Wilbur had already ordered medicine for his heart and his anxiety. Having a kid was hard.

But now his sweet little angel was taking his afternoon nap in Wilbur's room, leaving him with exactly 1 hour to relax before he woke up again and Wilbur had to wrestle him into taking a bath. (As he came to find out, Fundy hated baths, which was ironic considering Sally loved water as she was a merfolk hybrid).

That's when a ringing sound made him jump on his place and he groggily got up, angrily answering the little wall phone by the kitchen that connected with the reception downstairs.

"What?" he croaked into the phone, rubbing his eyes.

There was a beat of silence before the nervous voice of the guard downstairs answered him.

"Mister Wilbur, there's a… Person here to see you."

"And? You know not to let anyone though."

There was another pause, as if the person was shifting uncomfortably.

"Um, it's a kid, sir. A little girl. She insists to see you."

Wilbur almost dropped the phone. What the fuck was his life anymore?

Chapter End Notes

(Tallulah has entered the chat)

So, if Fundy actually Wilbur's kid? Who knows :) anyway slightly earlier than usual update as I rage over my computer not having enough space to update Genshin Impact again. Oh and also I did roll on my phone and LOST MY FUCKING 50/50 ON EARLY PITY TO A C1 QIQI. MORHERFUC-

Anyway, here: Enjoy the first pieced of fanart done for this fic. It's amazing, I promise you.

Also I'm stupid and forgot to say this at first, but Mush is very much real, he's a lovechild Oc my friend and I created lmao. He did name him so yeah. VILLAIN AND HERO ALTERCATION LAST NIGHT

▽A couple of hours ago a local coffee shop caught the crossfire of a fight. Witnesses report it was around 3am when local hero Flare engaged in a confrontation with a small, new villain organization.

The battle moved to the inside of this coffee shop, away from the eyes of the witnesses, but some report seeing famous villain Quackity enter the scene shortly after.

Reports say Quackity presumably helped the villain gang to corner Flare, at which point he called in for backup, the hero Warp arriving shortly after as well.

Flare and Warp were seen fleeing the scene, Flare visibly injured, while Quackity and the local villain gang were not seen leaving, so it is presumed they somehow escaped.

KARLNAPITY IS REAL

▽I'M FREAKING THE FUCK OUT HOLY SHIT OH MY GOD. Okay. OKAY. So…

Let me explain. A friend of a friend works at this ✨undisclosed✨place where last night there was a pretty bad villain fight right? Right. So this person got to see the security camera footage and um… Now I have it and I'm freaking tf out. Just see for yourselfs…

[Attached video. It's the security camera footage of the coffee shop the altercation was in. The time reads 3:06 am with today's date. Suddenly the window at the front of the shop breaks as someone is violently thrown inside, crashing against the counter. It's the hero Flare.

He's grunting as he tries to catch his breath when three figures step in through the broken window.

"Not so tough without your powers, are you?" one said, taunting. Another figure scoffed, "And with half your strength. Do you like our powers? Wait until you see what our friend's do."

The third figure took a step closer, raising a hand. Flare made a noise like he was choking, desperately going to grab his throat. A few seconds of that passed when a fourth dark figure suddenly appeared behind them in the blink of an eye.

"What the fuck are you doing?" they said, their voice making them jump. The figure put their hand down, Flare gasping for air desperately as they did so.

"Boss! We, um, we got a hero!" One of them nervously answered. The fourth figure moved to stand in front of Flare, revealing it was Quackity. His face was hardly visible but the side

with the scar clearly contorted in a grimace.

A dark expression crossed his face before he slowly turned to face the three figures again.

"I gave you a list with the heroes you were not allowed to touch. Did you not fucking read it? Is that it, can't you read? Flare was off-limits." Quackity said through gritted-teeth.

The three villains shifted uncomfortably.

"But… He's a hero…" one protested weakly.

Quackity stared at him. His back was turned to the camera. He took a step forward, his iconic wings starting to grow from his back and expand.

There's a cut on the recording. The time now reads 3:10 am. The three villains are all on the ground, unmoving, and with a dark puddle growing under them. Quackity is kneeling next to a barely conscious Flare when Warp suddenly runs into the place, frantically looking around.

Then he runs, kneeling on the other side of Flare and having a hushed conversation with Quackity that the camera can't pick up.

Quackity and Warp then push Flare up, having another hushed conversation before Warp nods, face grim as he goes to lean Flare on him and leave. He lingers in front of Quackity before he leaves, his face uncertain.

Then he lifts one of his hands, going to stroke Quackity's cheek in a tender gesture.

"Ducky, he'll be fine, don't worry."

Quackity nodded, still looking serious as he sighs.

"Yeah… Go on, take him to the agency so he can get a healer. I will meet you guys back at home. I have some things to deal with either way." Quackity answered. Behind him, one of the villains stirred and groaned.

Warp just nodded, quickly leaving the place with Flare. The recording cuts as Quackity turns back to the three unconscious villains.]

I just… Like WE KNEW BUT ALSO HOLY SHIT?? I CAN'T BELIEVE THIS

THE SIREN'S TEXTS–PART 15

▽*Rolls in with two pairs of sunglasses and new hair completely dyed purple* What's up gang, one mental breakdown later but I'm back. I know Tubbo probably did something while I was away but you know what? It's fine. I'm fine. If I must go at his hand I might as well do it while having a fun time you know? Yolo or whatever it is the millennials say, I just say 'fuck it'.

(plus, I actually think it's more likely that he gets me for not posting than if I keep posting. So in a way I'm safer by coming back….)

Enjoy fam, this is the sort of filler episode of the anime because I actually have no fucking idea of where Siren is, so. Also there's been some… Developments. Enjoy.

Groupchat Homos plus Wilbur

Dream: Sapnap, Karl, you better answer your fucking phones right now

George: I think they're having a movie night or something, Quackity mentioned it

Because Sapnap got his ass kicked last night

Dream: That is exactly the problem, George

Have you seen Twitter?

George: No? Why?

… Oh no

Dream: Call Quackity and tell him that Sapnap and Karl better pick up their damn phones right now or I'm killing them

Pretty please :)

George: Okay…

Quackity: What the fuck Dream we were having a date night

Dream: I literally don't care, where are the two idiots?

Sapnap: What do you want?

Dream: I want to murder you guys, but I can't or I'll be a villain

Karl: I love you too, Dream

Dream: Can either of you just check twitter for like 2 seconds!?

Sapnap: Fine

…

Karl: uh…

Quackity: Fuck

Dream: Understatement of the fucking century

I don't know how that leaked but what have I told you about being careful when you're not dressed as civilians!?

Karl: You said don't kiss in public

Dream: Karl, I will strangle you, my position as best man be damned

Either that or I'll put all three of you in a cage like zoo animals so I can keep an eye on you at all times

Karl: Noted

Dream: And your tweet from yesterday also has me more pissed at you

Why would you do that!?

Karl: It was a cool art man!

I don't know what you want me to tell you!

Don't act like you haven't also looked at dnf fanart

George: What is dnf??

Dream: What are you talking about?

Karl: The fanart of you guys

Dream: What

Sapnap: Oh my god don't you know? Even I've seen it

George: What are you talking about I don't get it

Karl: Dude, the fanart of you and Dream kissing and stuff!

George: What

Dream: What

… Brb

Quackity: Oh he's totally making an alt account to look at fanart

Sapnap: He so is

Karl: You guys can thank me for distracting him with cuddles 😊

Quackity: Karl I love you

Sapnap: You're a genius

[x]

Tommy: WILBUR HOLY SHIT

YOU WON'T BELIEVE THIS

I was about to take the subway when Clem said she saw something

And I found this guy

[Attached image. It's a picture of a very dirty looking raccoon.]

LOOK AT HIM

He's [Redacted] pet now

I promised the little guy I would give him something

Which leash looks better on him?

[Attached images. One is of the raccoon on a blue collar and leash, and another slightly blurry one has it on an orange one.]

It almost bit me but I got it to behave

Bitch stop ignoring me

I need another one for Llulah

Bitch where are you

Okay fuck you I'm getting the orange one then

[Redacted] likes orange

I'll get Llulah something else too just to spite you

[x]

Groupchat fam plus the adopted one

Tommy: Does anyone know where the fuck is Wilbur

I need to give [Redacted] his new pet

Dadza: Actually I don't know

I haven't seen him

The kids are with me though

Wait you got [Redacted] a what?

Tommy: A pet

[Attached image of the racoon on an orange leash.]

Worst twin: Didn't know you had a twin too, Tommy

Tommy: Fuck you Techno

His name is Hank

Dadza: There's no convincing you to not give him that, is there?

Tommy: No, I swore on my best uncle pride I'd give him a pet

I got Llulah something too

[Attached image. It's a picture of another piranha.]

Dadza: Mate where do you keep finding those!?

Tommy: Don't question me, Philza

Her name is Rose and she's Clem's cousin

Seriously where is Wilbur??

Worst twin: Last time I saw him he was pouring cereal into a coffee with six shots of espresso while the kids slept on top of him

Dadza: Mm, he's embracing parenthood I see

I'm proud

[x]

Worst twin: [Attached image. It's a picture of a little girl, presumably 'Llulah', holding a small sword triumphantly. Op has blurred her face]

> Yo your daughter is cracked at this
>
> And you definitely crashed into the floor of your closet, didn't you?
>
> I'll leave you one energy drink outside. [redacted] is asking for you though

That's it for the filler episode you guys. Where IS Siren? Is he actually in the closet passed tf out? I have no idea. Also I took out the kid's name for privacy to them, but Llulah is a nickname for the little girl so I figured it's okay I leave that in since it's a nickname plus it's kind of cute.

Also, Tubbo, I hope this pleased you and keeps you from blowing up any more shit.

Chapter End Notes

Every fic needs their filler anime. Fr where is Wilbur though? We don't know. He's adapting to parenthood quite well, as you can see.

Tallulah is here! I may or may not give you guys a flashback of sorts next chapter about Tallulah and Wilbur meeting, but I felt like dabbing just a little bit back into the chaos. It

was getting too fluffy and not too cracky, guys, come on. It was just a dash of crack sprinkled in there now though.

Anyway so, Karlnapity has been exposed. They give two flying fucks bc it's interrupting their date night (this will definitely not come back to bite them in the ass later, no sir). Also, Quackity's power is shape-shifting guys, but he can do it fully or just turn a part of his body. The wings are his staple but let's just say he can also grow claws and stuff :) those villains were never seen again...

What is wrong with Quackity and 404???

COMPROMISING VIDEO OF FLARE, WARP AND QUACKITY LEAKED

▽ About 24 hours ago, here on Reddit, a user claimed to have acquired video footage showing the past altercation between a new villain gang, Quackity, and heroes Flare and Warp.

The video shows not only Quackity turning on his villain subordinates, but also shows him actively helping hero Warp to get Flare out of the place, and furthermore shows some rather intriguing conversation happening between them that can indicate they are well acquainted with each other.

Flare and Warp have not yet released a statement about it, but could this mean our beloved heroes are fraternizing with the most dangerous villain in the city?

ARE YOU KIDDING ME!?

▽I can't with this. Like fr.

[Attached video. It's a clip from an interview from today with the Dream Team. Dream has just finished answering something when the interviewer turned to Flare, sitting the furthest away and already looking like he recovered from his injuries.

"Flare, you're looking better. Those villains couldn't handle you, huh?"

Flare visibly tenses at that, but jokingly plays it off, scoffing.

"Yeah, it will take more to get rid of me." He said, waving his hand dismissively.

The interviewer went to ask something else, but suddenly stopped herself, looking straight at his hand with an open mouth, eyes glinting with glee.

"Sorry, are those engagement rings!?"

Flare opened his mouth. Then looked down at his hand, shoving it between his and 404's bodies on the couch. "What? No, of course not."

Dream's mask can be seen turned into Sapnap's direction, the dot eyes staring intently at him, in a cartoonish imitation of a glare.]

Guys, I can't fucking believe Karlnapity got confirmed (Again) thanks to Flare. Like, you'd think it would have been Karl. Heck, I WAS BETTING ON IT BEING KARL. FUCK.

THE SIREN'S TEXTS- PART 16

▽ Hello besties, I am back again. The mystery of Wilbur's whereabouts is to be revealed, but also something quite interesting will be revealed too.

Let's just get to it, there's not much to say on my part except for the fact there's been a nice, beautiful, 0 explosives in my home. Thank you Tubbo, I am aware I live on your mercy. I hope you enjoy this, you god of chaos and nuclear bombs.

Groupchat Homos plus Wilbur

Quackity: So guess what

Some nobody tried to 'blackmail' me by saying he'd kill Sapnap and Karl if I didn't do what he wanted

George: Did you?

Quackity: I'm hurt that you have to ask that

Fuck no, I told him 'have fun trying' and stabbed him with the darts I was playing with on his leg

George: Of course you did that

Which part of the leg was it?

Quackity: Inner thigh, near the Femoral Artery, obviously

Have you forgotten what dad taught us??

George: Just checking you still knew where to stab someone on the leg to be fatal

Quackity: Duh?

I was expecting you not to remember though

Anyway now I need to get Foolish to call the cleaning crew again to get the carpet clean

George: I told you a rug that colour for your office was not a good idea

The blood will take forever to come out

Dream: For the sake of my sanity and how I view George, I'll pretend I did not just read that

Anyway, Quackity. Has Sapnap told you and Karl yet what he did today?

Sapnap: DREAM DON'T SNITCH

COME ON DON'T BE A BITCH

Quackity: Sap, what did you do?

Karl: Yeah Sappy, what DID you do? 🤨

Sapnap:...

Dream: He forgot to take his rings off and went into the interview like that, and then the interviewer noticed

Sapnap: Dream I am tweeting out your George stan account and your dnf fan account

Dream: Do it and I'll kill you

George: Wait your what accounts

Quackity: Sapnap. Love of my life. You had alarms and reminders set specifically to take off your rings before an interview.

Karl and I REMINDED you today before you went out

Sapnap: I WAS DISTRACTED

Karl: Dammit I wanted to hard launch using fanart :(I had a cute one saved already

I was going to correct the artist on who sleeps on which side of the bed and how Quackity sometimes sleeps vertical directly on top of us or horizontally across the two of us

Quackity: I guess that's that then, it's over, everyone knows

Karl: Not that they didn't already

Dream: I still don't know who even came up with the idea to ship you or why

Karl: I do know where it came from, and I think it's hilarious

Especially because it involves Wilbur

Dream: Wait you know?? Tell me

Karl: Trust me, it will give you a heart attack

No🫶

Dream: Karl. Tell me.

Karl: Say hi first

Dream: What? To you?

Karl: Yes, say hi

Dream: Hi?

Karl: You too, George

George: Why me?

Karl: Say it

George: Hi…?

Karl: You're welcome, guys

Dream: Welcome about what

Just tell me

Karl: Anyways where's Wilbur? Man I sure haven't seen him in like 2 days

Siren: what the fuck happened while I was gone

[x]

Siren: Tommy…

Tommy: Where the fuck were you bitch

Siren: Long story

So Lullah, my beautiful daughter, my little flower, said she wanted to try a coconut while I was trying to get her to eat her broccoli

Tommy: Okay just buy her one?

Siren: I was going to. But then my beautiful flower, my little girl, she said "Dad, I'd want a real coconut, like one that comes from Hawaii!"

But there's no people selling authentic coconuts

So I had to go to Hawaii to get her one

Tommy: Bitch you went to Hawaii!?

And you didn't fucking take me!?

Siren: No, I was going to

I stepped into my closet to get changed and then as soon as Llulah and [Redacted] weren't in front of me my body just folded

It just collapsed and I slept for 13 hours straight on the floor of my closet

When I woke up I just asked mom to get my daughter her coconut

And you want to know what!?

She's fucking allergic to coconuts, Tommy

WE KNOW THAT NOW

Tommy: I'm never staying the night at my old place again ever

[x]

Siren: Wait a minute Tommy I just remembered why I texted you

Why do my children have a raccoon and a piranha!?

Tommy?

I can see you leaving me on read

TOMMY

[x]

Siren: Quackity how did you do this for so long

Kids are exhausting

Quackity: Just wait until they're teenagers and you'll be drowning your misery into a bottle of tequila

Siren: Quackity this is not funny

JUST LOOK AT THIS

[Attached image. It's a selfie of Siren. Op has photoshopped a blindfold on his face so it looks like he's wearing his villain mask.]

Quackity: Damn you look like shit

Siren: How did you manage to not look dead!?

Quackity: Makeup, lots of coffee, cold tea bags for eye masks, and a lot of Latino genes

Wait a minute

Wilbur are those white hairs?

Siren: No shut up

Quackity: Dude that's full on like, at least 10 white hairs at the front of your hair

Siren: I SAID SHUT UP

[x]

Tubbo: Ha Oldbur

Siren: I hate you

AjgrUsbIshnjAweeTttHHnsf

DID YOU JUST

DID MY PHONE JUST SHOCK ME

TUBBO DID YOU TURN MY PHONE INTO A SHOCK MACHINE

STOP BLOCKING YOURSELF AND ANSWER ME

UbhhWedf

DON'T ANSWER BY SHOCKING ME AGAIN

It has for now. I told Karl about the Reddit posts btw, he thought it was hilarious - Tubbo :)

KARL I KNEW YOU'D DO THIS

▽ Can't even make this shit up. He's sick, he's fucking sick in the head and I hate him so much (I LOVE HIM THANK YOU KARL OH MY GOD).

[Attached video. It's a clip from an interview Karl had today.

The interviewer gives a secretive smile, looking at Karl as she asks her next question.

"So, Warp, what's the deal with the leaked video from the altercation that happened last week? You know what the rumors on the internet are saying about you, Flare and Quackity. Is there actually some truth to them?"

Karl visibly brightened at that, beaming. You'd think he would deny everything like he did at first, right?

"Well, the truth is that I am getting married to two wonderful, amazing people, and I've actually been dying to talk about them!"

The interviewer seemed taken back by Karl's sudden enthusiastic demeanor and the fact he's not denying anything. "Oh… Really? Well, don't let me stop you, then." She takes a moment to compose herself before she continues, "Why don't you tell me about your relationship, then? How did it come to be? Three people in an open relationship getting married is not something usual."

"It's a poly relationship." Karl corrected her immediately. "Not an open one, I'm committed to my fiancés as they are to me, and we don't want anyone else in the relationship. I don't think I can say how we met, but it's a really funny story…"

The clip cuts off then, but for the remaining five minutes of the interview Karl only exclusively talked about his partners, sharing as much information on them as he could.]

▽ [Attached video. The screen is black for a moment before it shifts just slightly, now showing someone's expensive dress pants and shoes standing in front of whoever is holding the camera. There's a rustling sound into the mic and a muffled voice says something, there's captions put in by someone so the conversation is more understandable. It reads:

"Boss, are the rumors true, then?"

There's a pause before someone answers, and according to the captions and the voice, it's Quackity.

Quackity: "Tell me, do you want to fucking die?"

There's hesitation for a minute before whoever is holding the camera shifts, a bit uncomfortable. "No…"

Quackity: "Then don't ask stupid ass questions ever again or I'll use you to practice my aim. My personal life is none of the business of my subordinates, do you understand?"

"Yes, sorry, boss…"

End of the clip.]

KARL….

▽ I can't believe him 💀💀💀

[Attached image. It's a screenshot of Karl's twitter account, quote retweeting something. The original tweet reads 'I can't belive karl went on that interview and fully on confirmed he's marrying flare and quackity . king shit'.

Karl's answer is 'Huh? Did I? Pretty sure I just said I am getting married, I don't recall ever mentioning it was to Flare or Quackity, don't know where you got that idea from ;)']

THE SIREN'S TEXTS- PART 17

▽ Guys I am… Unnerved. There have been no Tubbo incidents beyond him remotely shutting off my pc. I can tell this is the calm before the storm, I don't believe he left me alone all of a sudden…

Tommy: WILBUR WHAT THE FUCK

Siren: What

Tommy: I came with mom again while she did business with the Dream Team

Siren: Uh-huh

And?

Tommy: And Dream took off his stupid ass mask

Siren: Oh, I see now

Tommy: Wilbur why is he low key hot

Why does he kinda looks like a football player

You'd think he hid his face completely because he's ugly

I was so ready to call him ugly to his face

BUT HE'S ATTRACTIVE, WILBUR

WHY?

I need financial compensation

Siren: Did George trip when he saw him?

Tommy: How do you know?

Siren: When George is near Dream when he takes his mask off he either trips, forgets what he was saying, or he looks at him literally like this 🥺

I've seen and heard him ramble about it too much

"Wilbur, did you see the way he shook his head and his hair moved when he took it off?"

"Wilbur, I swear it was like whole room lit up like the sun was present"

Tommy: Why are you airing out Gogy's business like that

But totally, he's a simp, he both tripped and looked at Dream like this 🥺

Siren: Called it

[x]

Groupchat Homos plus Wilbur

Sapnap: I'm obligated to ask you guys to confirm you're coming to Dream's Murder Mystery birthday party

Quackity: I'm obligated by you to go even though I have work 🫶

Karl: Duh, I already have my character down

George: Dream would kill me if I miss it

Dream: :D

Siren: I don't know…

Dream: D:

Sapnap: I am obligated to tell you that you don't have a choice. It's a Murder Mystery, that means we need absolutely everyone to come and play their characters

Siren: But the kids…

George: You literally have your parents, Techno and Tommy to look after them

Quackity: And Dream will be insufferable if you miss it

Dream: That's true, I will

Siren:... Okay fine, I'll leave the kids with my parents

Dream: :D

[x]

Siren: I can't fucking believe I was the victim

Quackity: It was your best role so far, Wilbur

And don't act like you didn't just fall asleep at one point while laying on the ground

We both know you needed that rest

Siren: fair enough

Karl: Ok for a hero Tina was actually a scary ass murderer

Sapnap: And Foolish killed it as the butler

Quackity: Did anyone see George leave btw??

Siren: No idea when he left

[x]

George: I'm panicking

Siren: Good night to you too

Why?

And where did you go? Dream looked like a kicked puppy because you weren't there for the cake

George: Yeah that's sort of the problem, Wilbur

Siren: The cake?

It was strawberry I thought you liked it

George: Not the cake

Dream

Siren: Why what happened

George: So you know when we all split up into teams while playing and Karl shoved Dream and I into a closet?

Siren: Uh huh

George:... Right, so

Stuff happened

We talked

And we um

… Kissed

Siren: WHAT

Wait why are you telling ME this!?

George: I was going to tell Sapnap but I figured Dream already is telling him and I didn't want to overwhelm him, Dream is already going to be a lot to deal with by himself

Quackity is doing some work or something with dad, so he's not going to answer his phone for the next 24 hours unless it's Karl or Sapnap

Karl is busy dealing with his PR team now

And I can't talk to Dream yet

Siren: So I'm your last option?

George: Yes

Siren: Good to know

Have fun figuring this out

George: WILBUR DON'T YOU DARE

HELP ME OR I WILL MAKE TUBBO TURN YOU INTO HIS NEW BIOLOGY PROJECT

Siren: Fine

What happened?

George: Ok so, we went into the closet and at first we just talked about the party

But Dream's so dramatic so he didn't want to drop the characters even if it was just us

We stayed quiet for a moment and then he said "You know Mr Harris, I quite fancy you"

Siren: Ew

George: Don't interrupt me

I thought he was playing still so I followed along and said "Oh yeah? I think you're eye-catching too, Mr Ludwell."

Siren: I will throw up

George: I said don't interrupt me

Anyway then we went quiet again and we kissed

And then Foolish found us and I avoided him the rest of the game and left as soon as we were done

Siren: Yikes

George: Don't 'yikes' me

Siren: This is a yikes situation

George: It's not

What do I do?

Siren: I mean, shouldn't you be happy?

You've been so painfully in love with him for years

George: No I haven't

Siren:...

George: ...

Siren: YOU DIDN'T KNOW!?

George: DIDN'T KNOW WHAT!?

Siren: OH MY GOD

GEORGE BE SERIOUS, ACTUALLY

YOU'VE BEEN OBSESSED WITH HIM FOREVER NOW

George: NO I HAVEN'T

Siren: I can't believe this

And Dream is supposed to be the himbo???

George, think. Actually use that big brain of yours. You've told me before you wanted to know what it was like to kiss Dream and be with him

George: Yeah…?

Siren: 😐

George, that's not normal friend behavior

George:...

Siren:...

George: Oh my god Wilbur I'M IN LOVE WITH DREAM

Siren: THANK FUCKING CHRIST AND THE VIRGIN MARY

FINALLY

NOW GO, GOGGY. GO GET YOUR MAN

[x]

Groupchat Homos plus Wilbur

Karl: My PR team almost killed me 😃😛

Quackity: Deserved, you slandered me

Karl: No I didn't, I just said one of my future husbands was allergic to showing his feelings now

I didn't even say your name!

Quackity: I hate you 🫶🏻

Sapnap: Aww see, he loves you, gummy

Karl: Awww

Oh by the way, look at this

[Attached image. It's a picture taken of a framed fanart of the three of them]

Quackity: Karl, love of our lives, why do you have that framed

Karl: Because it's sick! I commissioned it

Sapnap: You commissioned an artist for that!?

Karl: Yeah, @urobor0ss__ on Twitter

They're like THE Karlnapity artist, you should check them out. It's them I quote retweeted on main the other day

Quackity: Sometimes I truly wonder why I'm into you

Sapnap: Seconded

Karl: Because I'm so cute ;3

Quackity: True

Karl: Anyway my collection just grows 😈

[Attached image of another framed Karlnapity fanart.]

Quackity: No comment

Actually one comment damn I look so good in that one

So where is George and Dream??

Because something tells me Wilbur is busy watching over his kids

Sapnap: They have been locked inside Dream's room for half an hour now

I'm thankful for the soundproof walls now

Quackity: Sapnap Ew

Good for them

But Dream's getting a shovel talk now

[x]

Groupchat fam plus the adopted one

Siren: TOMMY WHAT THE HELL

[Attached image. It's a picture of what's presumed to be 'Llulah', with a black snake around her neck. Her face is blurred.]

Tommy: I don't see the problem

Siren: MY DAUGHTER IS HOLDING A FUCKING COBRA OR SOMETHING AND MY SON IS TERRIFIED WHAT DO YOU MEAN YOU DON'T SEE THE PROBLEM

Why did you get them another pet!? Fundy already sleeps with that damn raccoon!

Tommy: Chill I didn't

She's mine

And she said she's a Mexican black king snake so get it right, bitch

Siren: Tommy cut it out, your power is not talking to animals

Tommy: I don't need it to be, I'm just thank cool, I learned

She says her name is Alejandra but I can't pronounce that so it's Alex now

She likes Llulah

Worst twin: Yoooo that snake looks sick, Tommy

Where did you get it?

Tommy: I know a guy

Worst twin: Cool, I want one

Tommy: Sure yeah, there was another one named Steve

Another female btw

Worst twin: I expect her to be delivered to me within the next week

Tommy: You got it king

Siren: I hate living with you two so much

[x]

As always, there were some revelations. I'm still on edge now, thank you Tubbo, now I have trust issues……

[Attached image. It's a fanart of, presumably, Dream and George standing cramped into a closet, dimly lit by a single lightbulb. Wilbur was doing fine, and he actually meant it this time. He'd learned how to take care of Tallulah and Fundy without completely feeling like was about to either collapse from exhaustion or have a mental breakdown.

Things were good. He had a son he deeply adored, who would sit on his lap while Wilbur attempted to teach him the guitar, even if the guitar looked absolutely massive on his little hands.

A beautiful son who could apparently fully shift into fox mode and would go to sleep in dark corners of Wilbur's closet, huddled on top of his clothes in an adorable baby ball of orange fur.

A son who was so polite and nice and loved his stupid feral racoon pet and fed the thing cheese puffs under the dining table and giggled when it would stare into Wilbur's soul with its black bottomless eyes.

And he had a daughter he loved so much who was more interested in playing the flute and was already quite a prodigy at it, breaking into tunes randomly.

A daughter who had his same brown curly hair and would patiently sit there when Wilbur spent a full two hours trying to figure out how to do any other hairstyle that wasn't just the braids he'd practiced on his twin's hair for years.

A daughter who was even more polite and nice than his son, but could get sassy at a moment's notice, and loved her piranha and always insisted on taking her out on walks by tying a leash to her tank.

He loved his kids. He really did, and now he couldn't think of his life without them. He'd even grown to accept the puff of white hairs he'd grown on the front of his hair.

Tallulah had said she liked it, and after seeing it, Fundy had excitedly gone all fox again and triumphantly showed him his tail to indicate they matched.

So maybe it made him look older, but his kids liked it, so that was enough for him now.

He remembers now the heart attack he'd first had when faced with the fact he had Fundy, and how terrified he'd been to lose him 5 minutes into having him under his custody.

His first meeting with Tallulah wasn't quite as panicky, but Wilbur can recall he still had a heart attack. Mainly because while Fundy didn't look like him, Tallulah looked more like him than his own twin did.

One glance at her big bright eyes hiding under curly bangs and he was gone, Tallulah now had him wrapped around her finger too.

(And damn, didn't she know it and abuse that fact any chance she got).

He truly couldn't imagine going back to his life without them now.

Wilbur's phone rang, startling him out of his thoughts. He glanced at Tallulah and Fundy's sleepy forms next to him, making sure the noise hadn't woken them up, before he picked up.

"Hello?" He said, eyeing the way Fundy had shifted. Fundy's hand found Tallulah's and he settled again, making Wilbur let out a sigh of relief.

"Wilbur, I'm coming to get the kids in a few days."

Chapter End Notes

Only like four more chapters to go fam, how we feeling?

Gotta love a good cliffhanger lmao.

Oh, guys guess what. Remember last chapter I said I was in so much pain bc I had heartburn? Guess who never had heartburn and actually has had two stones in her gallbladder for like a year and a half 😎😎 that's right fam, I'm getting surgery in like a week 💀 rip, the pain is awful but I'm fine now.

(You know what's not fine? The fact that I can't have chocolate milk for fear or making the pain come back, in which case it becomes emergency surgery. I've had a glass of chocolate milk in the morning and night every day for essentially like 10 years or more. My autistic brain is not liking the chance or the removal of my comfort drink).

Also yes I watched Snake Discovery's video about their Mexican Black King snake babies hatching and I got reminded of the fact I want one, and a leucistic ball python, so of course I have Techno and Tommy snakes, gotta project into someone here you know?

I'll try to update again before the surgery, see ya

Oh my god there's a wedding

THE SIREN'S TEXTS-PART 18

▽ Guys I was right, Tubbo is up to something. Look at what he left on my bathroom floor today.

[Attached image. It's a picture of Op's bathroom floor. There's two socks there, both covered in green goo, and one with a chunk missing. There's a note lying on top of it, reading 'A little gift :)']

Well, guess who's not sleeping tonight. Anyway, let's get into it, since I have time now.

Groupchat fam plus the adopted one

Tommy: Okay I can't be the only one to see this shit

Wilbur needs an intervention

Why is he acting like a sad wet cat

Worst twin: He's always acting like a sad wet cat, Tommy

Tommy: I mean more than usual

I found him buried under blankets in the laundry room and sobbing while he ate raw pasta with chocolate syrup

Worst twin: He's a freak of nature

Dadza: Tommy I thought you didn't go into the laundry room anymore?

Last time you ran out screaming when you saw the w*sh*ng machine

Tommy: I don't but I was looking for Wilbur and I couldn't find him

I heard him sobbing in there from outside and closed my eyes to go look for him and didn't open them until that piece of garbage from hell was out of my vision

Mumza<33333: Does anyone even know why he's so depressed now?

Dadza: Nope

Tommy: No fucking idea

Worst twin: He hasn't told me either

Dadza: Okay then, intervention it is

[x]

Groupchat fam plus the adopted one

Dadza: Okay well, that didn't go as planned

Worst twin: He ugly sobbed the entire time and phased through the floor halfway through

So yeah that went amazing, actually

Tommy: A heads up about Wilbur being able to phase through walls would have been nice

Worst twin: Plan B then. Tommy, I need you to tie exactly 46 rockets to your rear so we can shoot you into space

Tommy: What the fuck no

Mumza<33333: Well, that would cheer him up

Tommy: MOM YOU SHOULD BE ON MY SIDE

[x]

Groupchat Homos plus Wilbur

Quackity: I just got sent the saddest, most pathetic fucking picture by Tommy

Dream: Same

Quackity: Wilbur why the fuck are you sitting in your closet eating raw pasta covered in chocolate syrup straight out of an icrecream container and ugly crying

Sapnap: I just saw it

That's so gross

Karl: Guys I think he's depressed or something

Dream: Welp he's not answering

Wilbur I'll unban you from the Minecraft server if you answer

… I thought that was going to work ngl

George: You tried, babe

Quackity: EW

Sapnap: There's no way in hell you call each other babe and not idiot

Karl: That feels anti natural oh my god

George: We don't Sapnap, I did it to mess you with specifically

Sapnap: Thank you very much I threw up a little

Dream: Wait, why not though??? :(

[x]

Siren: quack

Quackity:???

Siren: I d ont know to wrait yor name :(

Quackity: Wilbur are you high

Also how did you take so long typing that

Siren: nOt daddy

daddy s ad

Quackity:...

Llulah, F, did you grab your dad's phone?

Siren: yes

Quackity: Okay. Press the button on the corner and it will record your voice so you don't have to type

Leave it pressed while you're talking and let go when you're done and it will send, okay?

I'll send them too so you don't have to read, you just need to press the button on my message

Can you two do that?

Siren: [Voice note, 3 seconds long. It's a little boy's voice asking 'Like this, Mr Quackity?']

Quackity: [Voice note, 9 seconds long. 'Yeah like that. Why is your daddy sad?']

Siren: [Voice note, 16 seconds long. Now it's a little girl saying 'Don't know Mr Quackity, but he's really sad. Can you and his friends make him not sad? Uncle Tommy, and uncle Techno, and granny and gramps tried but he's still sad.']

Quackity: [Voice note, 12 seconds long. 'I will try, and tell the others to try, okay? For now just stay close to your dad, kiddos. He's less sad when you're there."]

Siren: [Voice note, 13 seconds long. Back to the little boy speaking,'thank you Mr Quackity! Get the friend with the funny mask, daddy says his face when he sees Gogy makes him laugh.']

[x]

Groupchat Homos plus Wilbur

George: Okay, he's worse than we thought

Quackity: I will murder him if he's still depressed by the day of the wedding, he's my bestman, and he's performing at the reception

And the wedding is in less than 5 days

Karl: Wait it is? O.o

Quackity: Karl.

Karl: I'm playing, ducky.

Quackity: You better be, my love, or Sapnap and I will enjoy our first married night alone :]

Karl: Noted

Dream: He's not even responding to why he's crying

Techno said he'd been crying for at least 12 hours straight

Tommy says there wasn't any pasta in the kitchen already since yesterday though

George: Why is he eating raw pasta with chocolate syrup? Freak

Quackity: Not the time to shame Wilbur's questionable sad snacks

We need to know why he's so sad now

[x]

Sally: Wilbur, I'll pick up the kids next week on Wednesday.

Decided to switch the other kid's name to just his initial for censor bc the [REDACTED] could get confusing eventually. They sound very cute though.

So… that's what's happening, our local clown is depressed because the not-wifey is coming to get the kids.

Oh yeah and fun fact, Siren has phantom genes and can phase through walls, apparently. That's a frightening thing to know.

……. Guys.

I drafted this like two hours ago and planned to post it later today but um. Yeah okay I definitely know what Tubbo is up to now…

[Attached image. It's a picture taken of an invitation sent to op. The date and location is covered, and so are some of the names. The only one visible reads 'Karl'. There's also a note, reading 'Come, you're my plus one :)'.]

Its the invitation to Karl, Sapnap and Quackity's wedding. Fun fact, Sapnap and Quackity's legal names are on the invitation, those are just their nicknames.

Okay then…

SO I WENT TO THE WEDDING…

▽I did it guys, I went to the wedding. Ngl I was fucking terrified, but I was even more terrified to fuck around and find out what Tubbo was going to do if I didn't. I've come to learn it's best to comply with what he says…

And long story short, a whole fucking lot happened. So much so I had to write a list of things while I was there so I could go over with you guys, because I know you, you're nosy, you want the content.

First issue on the list:

- Did I take videos?

Yes, I did. But for my own safety I actually don't know if I can share them because I'm convinced not a single person in that wedding was not a hero or villain (except for Siren's kids, which, yeah, I met).

- Did I meet Siren?

Of course I did and holy shit I was pissing my pants when it happened I won't lie, I didn't know what I was going to do if he confronted me. But then he didn't seem to recognize me and actually made fun of me for something so he's back on my fucking blacklist now, I'm going to dig up shit on that motherfucker.

- Because I know you Karlnapity shippers and I see you: How was the Karlnapity wedding?

I've never been to more bougier fucking wedding in my entire life, on God. It was a rich people wedding and I felt so out of place. There were actual edible gold flakes on the champagne, the venue was gigantic and had an amazing garden, even the cake looked expensive. And the grooms themselves? They looked pretty good I won't lie, I've never gotten the Quackity simps, but after yesterday I think I do now.

As for the grooms, they were so in love oh my god I felt so single. Like actually I looked over once during the reception and I just saw the three of them sitting at their table holding hands and looking so in love. Again, I've never gotten the Karlnapity enjoyers, but now I do, they're incredibly sweet together and honestly? They're like, a match made in heaven or something. Their personalities mix very well and I could tell just from being in the same room as them for a couple of hours.

They're also so weirdly in sinc with one another. I swear I saw Quackity starting to reach for something without looking and Sapnap, also without looking, just handed it to him even before he fully reached out. At the same time as Karl lifted his chin because Quackity just silently went to brush something off his collar. It was insane to witness.

- What happened with Tubbo?

So, yes, I met Satan himself in person. It was unnerving. He's a bit shorter than me but still lanky and he just looks like a regular 16 year old but also. Also, he looked at me and I knew I was fucked if I did something that remotely went out of his plans.

I could see the wrath of God and the darkness of hell in those eyes, I swear.

It all solidified because he confessed to me why he invited me after I asked. He said, with the biggest manic grin on his face, and I quote, "You're in the wedding pictures now. You personally know every hero, villain, and vigilante in the city. If something happens and we go down, you go down with us" all while giving me this face :D but with more crazy eyes.

I thought after I met the adolescent hunting me I would finally be free of fear but I'm not. 'He's a kid', I foolishly told myself.

After meeting him in person, I know better. He's the devil. He said ominous shit around me all night, like "Careful, I heard there's a thunderstorm coming this week :)" y'all I checked the weather, it's clear skies all week…

…

Okay fuck him I heard lighting literally as I typed that.

Just checked again, still clear skies. What the fuck…

I'll just go to the next one…

- Did I meet any interesting villains or heroes?

I met the fucking Dream Team, y'all. I SAW DREAM'S FACE BECAUSE OBVIOUSLY HE WASN'T WEARING THE MASK AT THE WEDDING.

I don't have words. Like actually. Not in a bad way, he's objectively attractive but I don't know if I can describe him to you guys in great detail. So I'll just say, I can't tell which fucking color is his hair but I *think* It's dirty blonde. Um, green eyes, has a beard.

That's generic enough I guess. He both looks kind of hot and like some regular dude.

Anyway moving on: I met Quackity, obviously. But guess what y'all?

I met fucking Mumza. The woman, the myth, the legend, the APPARENT DEATH MAFIA BOSS LADY.

Fuck it if she's not gorgeous. Philza fucking won at life, ngl. I was super intimidated by her but also she gives off the most comforting vibes ever, it was amazing.

Obviously met the rest of the family, so, Tommy.

I did it guys, I met THE Tommy.

And honestly? He's fucking annoying at first, and he's loud as shit, but eventually he's kind of funny. He had Clem with him so I met her too. According to Tommy, she likes me…

I don't know how to feel about having a piranha's approval but okay.

I met Techno and Karl, who, apparently, know very well who I am and what I post.

Techno shook my hand, looked me straight in the eyes, and said: 'I need to stop finding out what's happening to my twin via your reddit posts'. I shat myself right then and there.

Karl was very nice though. He said my posts were hilarious to him, and he loved how I ridiculed Siren. It was great, we had a good laugh out of it. I congratulated him on the marriage and he said: 'Thanks! My next interview will be fun…' with a perfect :D face. Unlike Tubbo, no crazy eyes, but also holy shit they actually look a bit alike.

Like are we sure Tubbo isn't biologically Karlnapity's? Because I beg to differ…

Oh wait um Blade and Karl might see this. Uh, hi. Karl, the wedding was nice. Mr Blade, please don't kill me, sorry for calling you Techno without your permission. How is Steve?

Anyway, besides that, I met lots of different people. Again, I met Siren's kids. And holy fuck they are so adorable. The girl, Llulah, was wearing the cutest red dress and had butterfly clips on her hair. The boy F was wearing an orange suit. I asked, he said he picked it himself and his daddy said yes to it.

They were actually so adorable and such nice and funny kids. F apparently is a fox hybrid so he literally turned into a small baby fox and napped in a chair when he got tired. I died of cuteness.

And Siren is actually not a bad dad, guys. Like actually he was so all over them looking after them, and that man SPRINTED when he heard F calling him because Llulah fell while they were playing.

So yeah he's a dumbass but hey, at least he's a good dad.

Philza is surprisingly joyful too for someone with a reputation for being the 'angel of death'. He has a funny laugh too. I was also intimidated so I didn't engage much but he seemed nice.

Oh my prime you guys. Get this. Are you ready? I met… Quackity and George's dad. And guess fucking what? I'm positive he was the famous ex villain The Warden. That's right,

those two were raised by THE Warden.

I met a bunch of other people too, like heroes and stuff, and even vigilantes. I couldn't figure out who everyone was but I'm dead certain hero Space Buns was also there and that's nerve wracking because she's my favorite hero and I lover and she's even more beautiful in person.

I took a Pic with her and she gave me her autograph. I almost passed out. She's actually such a sweet person, so thinking back to what the guys said about Dream's Murder mystery party and how she was the murderer, it's hard to believe because she's just so sweet.

I met Royalty too, the vigilante. Only knew because the dark glasses aren't part of their costume, they actually need them 24/7 or she will accidentally paralize people. She looked so fucking fabulous, fr. Royalty was serving cunt and I love that.

Again I met so many people so you know what just ask the name of a hero, vigilante or villain in the comments and I'll answer with whether I met them or not.

And finally, to end. You may recall that Quackity said Wilbur was performing at the wedding.

Well, he did, yes, and I… Hate to say this so much you guys don't even KNOW. But he… Looks hot on stage… Like he's meant to be up there, full on Rockstar vibes. I hate that.

I did get to listen to his songs and his voice too and holy fucking shit y'all.

At the start he sang a cover of a song that Karl, Quackity and Sapnap requested, so I recorded some of that and I think I can show you.

Audio only of course, and even if I did record some videos of what I think are his original songs, again, don't want to show that cause that's his original work.

The cover is fair game though.

[Attached video. It's a short 45 second clip. The screen is black and the only thing you can hear is, presumably, Wilbur singing.]

This post is miles long so I'll end it here, I think I covered almost everything. Might do a second post with extra info if you guys want to.

Chapter End Notes

Hi y'all, how are you doing? It was the Karlnapity wedding episode. Op had a very fun, very scary, night at the wedding.

BTW Space Buns is Tina's hero name, and Royalty is Eret of course, in case y'all were confused there. Ayeee dad reveal, Sam is The Warden, of course. So yeah he adopted George and Quackity.

Shout-out to Li_ka2 for being the one to suggest the Op/Tubbo disaster. Rip to a ship that was never even in the cards. Everyone say thank you for that content.

Okay and with that I'm gonna head to bed. It's earlier than usual (I say, as the clock hits 1:20 am) but I have the surgery tomorrow (- technically today) at 8pm so yeah, less than

24 hours to go, and I need to be well rested for my blood pressure and shit. Wish me good luck y'all although I'll be 100% honest, I'm not nervous at all. At least not yet. And they said the procedure is simple and could only take anywhere from between half and hour to two hours so -shrugs-.

Bye bye guys, I'll see y'all after the surgery when I next upload.

Shit is hitting the fan for Wilbur

Chapter Notes

See the end of the chapter for notes

Ranboo loved his friends. They did, but sometimes, they scared the shit out of them. Like the one time (actually, scratch that, it had been two times now) that Tommy took a whole ass lion home and tried to convince them it was domesticated.

Ranboo admired Tubbo for looking the lion straight in the eyes, putting his foot down, and telling Tommy to get somewhere else to put it, because their apartment wasn't big enough for the lion and them.

Tommy was only terrifying when he had a possibly lethal animal with him, like the totally deranged blonde Snow White he was. But then there was Tubbo.

Tubbo was rarely ever not terrifying, as the sounds of small explosions could be heard all day every day coming from his room, and he looked absolutely deranged when he set his mind to something.

Like his latest hobby, forcing Ranboo to teleport him inside and out of a specific person's apartment, leaving cryptic messages behind, like an empty jar of peanut butter or socks half eaten by Charlie, Tubbo's bodyguard.

Ranboo had been his ticket inside and outside of the place for weeks now, and every time, Tubbo would just come back with an even more deranged look.

So maybe Ranboo was worried about his fake husband, sue him. Tubbo's eyes and his laugh when he did something to that poor person had started to hunt his nightmares.

It was about time Ranboo did something too.

So, of course, he tried to bring it up to Tommy so he could bring it up to Tubbo instead of him.

Spoiler alert: It did not work out.

"Not now, Ranboob!" Tommy had said, hurriedly walking into his room with a bunch of different and questionable materials on his hands, somehow perfectly balancing Clem's travel fishtank on his head. "My nephews need me to rescue them from the evil witch coming to get them! I can't talk now, but if it's important, schedule a date with my assistant!"

"But you don't have a…" and he was gone, the sound of a cow mooing and a couple more animal sounds being heard from his room as Tommy apparently barked orders at the animals

and argued with them, like 'Henry, no, you can't come, be grateful I FaceTimed you so you could be a part of this.' and 'Clem is right, Hank, the Sulphur goes first!'.

So, it was up to Ranboo now.

They gulped, approaching the last door of the hallway. Tubbo's room.

It was quiet, except for the sound of him typing on his keyboard.

Hesitating, Ranboo knocked.

The typing stopped, and after a beat, the door opened. Tubbo was still sitting at his desk, now typing again, the light from his monitors illuminating his silhouette.

At Ranboo's feet was Chip, Tubbo's little assistant robot that opened the door for him.

"Yes?" Tubbo asked, still not turning to look at him.

Ranboo fidgeted with their hands, clearly nervous.

"Tubbo," Ranboo started. "I-Um… can we…? -we should talk."

Tubbo paused at that, peaking at him over his shoulder. He started to tap his desk with his fingers.

"Is something wrong, boo?"

Ranboo could not shake the feeling he was digging his own grave, like he was making a deal with a mafia boss. It was close enough, he supposed, as he was talking to the heir of one of the biggest criminal organizations.

"No. Yes. Maybe?" Tubbo patiently waited, knowing that Ranboo would spit it out soon enough. "I think you've taken this too far."

The tapping stopped too. Tubbo fully turned to see him and—oh. Oh, the deranged look was back.

Ranboo couldn't be blamed. He ran for his life. He tried, but he silently sent a mental apology to a certain Reddit user.

User screamerstore was on their own now.

THE WEDDING PT 2

▽ I got you, fam. You know you can always count on me. - Tubbo :)

[Attached video. It's someone, presumably Siren, up on stage. His face is blurred out. He's singing a song that's probably original, moving around the stage and playing a guitar. The video is exactly one minute long.]

[Attached video. It's Siren again, but this time he looks drunk as he balances on a table. Someone, presumably Quackity judging by the beanie, is reaching out to pull him down. Siren takes a swing of a bottle, revealing to the camera it's actually apple juice.

"Wilbur get the fuck down, you're not even drunk!" Quackity called, swiping at his pant leg and pulling.

"She's taking the kids, Quackity!" Siren wails, waving the bottle around. "My babies, Quackity!"

"If you don't come down, I will transform my foot into an elephants one and I'll shove it so far up your a-" Siren trips and goes to fall face first into the floor then. End of the video.]

[Attached video. It's Siren again, fake gagging as he leans on, presumably, Karl, who looks extremely amused. Both their faces are almost completely blurred again, they're only recognizable by their voices. The giant red bandaid on Siren's nose is conveniently not blurred.

"What did you see?!" Karl insists, shaking Siren as he fake retches again.

"I saw…" Siren paused, gagging. Then he pointed somewhere off-camera. "Dream was shoving his tongue down Gogy's throat in the bathroom!"

"What the fuck, ew!" comes a scandalized, loud voice from the side. It's presumably Sapnap. "Don't be gay at my wedding, dude!"

Off camera, an exasperated voice, probably George, starts saying:

"Sapnap, you're literally a homosex-"

End video.]

[Attached video. It's a closeup of the dance floor. First it pans to, presumably, Karl, Sapnap and Quackity, all huddled together as they whisper to one another and slow dance. Then it moves to the side, focusing on a blonde teenage boy violently spinning on his own axis as he holds a small fish tank.

A woman wearing all black and with her back to the camera cheers him on.

"You're doing great, sweetie!" Then she turned to the blonde man standing next to her. "He has no idea what he's doing, he'll throw up in the next minute. Want to dance, Phil?"

"Of course," The man answered, smoothly pulling the woman onto the dance floor.

The blonde teenager predictably stops, sways, and then bolts out of scene. End of the video.]

[Attached video. It shows a topless man hollering as he dances. He's sobbing loudly. The camera pans to Quackity, who looks disgusted.

"Karl cut Foolish off, " he's explaining to the camera. "But not before he started to talk about *you-know-who.* And now he's dancing to forget him. Topless, for some reason."

There's a pause, as the man in the background sobs louder.

"He's crying because he misses him. He's at the wedding. He just went to the bathroom." Quackity deadpanned. "I want it on record, I said this was a bad idea. 'Don't sit them at the same table', I told Karl, but my beautiful husband said 'But what if they make up this time, ducky?', and then my other beautiful husband said 'How bad can it be this time?'..."

The man in the background sobs louder as he makes a split. Quackity's eyebrow twitches. The video ends.]

[Attached image. It's a small baby fox happily napping in a chair.]

[Attached image. It's a girl with brown curly hair laying down in two chairs, sleeping, with her back to the camera. The fox from before is tucked to her back, barely not falling off the chairs.]

[Attached image. It's a close up of Karl, Quackity and Sapnap happily dancing together at the wedding.]

[Attached image. It's a close up of Siren falling off the table.]

You're all welcome.

THE SIREN'S TEXTS- PART 19

▽I won't even address it anymore. Anyway let's go. I think this will be shorter but uh, Wilbur's going through it…

Groupchat Homos plus Wilbur

Siren: Help she's coming to get the kids tomorrow

George: Just don't lose custody, it's that easy 🤨

Siren: How didn't I think of that

I need Quackity, he'd have real ideas

Dream: Good luck with that, he's on his honeymoon now

Neither of them are answering the phone for the next 3 days at least

George: You're stuck with us

Siren: This is my worst fucking nightmare

[x]

Worst twin: So, about operation 'save the kids'. I know a guy, he won't ask questions

It involves a missile launcher though.

Siren: We're not sending Sally into space with a missile launcher.

Worst twin: Fine. I'll think of something else, then.

Killjoy.

[x]

Tommy: Holy shit Wilbur I got it

Siren: I already said no to your questionable stink and acid bombs

How did you even learn how to do that?

Tommy: First of all, fuck you.

Second of all, Tubbo taught me when we were like 10

Siren: Of course he did

Still no, though

[x]

Dadza: Okay hear me out

All we'll need is two baby ducks

Siren:... No

Dadza: Wil, mate, we're trying to help

Siren: She won't fall for it, there's no way Sally will believe our children turned into ducks

Dadza: that wasn't my plan but hey maybe that could work

[x]

Mumza<33333: So my plan involves minor casualties

Siren: Mom you're not killing her

I will say, I thought Techno would suggest that

Mumza<33333: She's taking my grandchildren away, Wil, what am I supposed to do?

Siren: Not kill her??

[x]

Groupchat fam plus the adopted one

Dadza: Okay I think we got it

Worst twin: We just need a library, one baby duck, a smoke bomb, and mom's umbrella

Tommy: I already secured the duck

His name is Oswald and he's in

Mumza<33333: My umbrella is charged and ready.

Dadza: Great, I'm already renting out the entire library

Siren: Stop

Tommy:???

Siren: Just stop

There's no point

I should have known Sally would come get the kids, and that this was temporary

I won't stop her

She's in her right to want them back

I think she just wanted them to meet me anyway

Dadza: Wilbur…

Siren: I'm done wasting my time on dumb plans

So if you'll excuse me, I'll go enjoy the little time I have left with my children

And you're their family, so you should, too

[x]

Dream: Um, Wilbur?

[Attached link. It's a link to a Reddit post. *The* reddit post that started it.]

Siren: Wilbur's not here now

But hey you finally found it

Dream: What

Wait who are you then

Siren: Tubbo, duh

Dream: Tubbo why are you intercepting Wilbur's texts?

Siren: For fun

And I had a hunch you'd be the next to find out

Dream: Wait you already know!?

The next, who else knows!?

Siren: Eh, just Karl and Techno

Dream: Karl and Techno know and they haven't done anything about it!?

Tubbo this is a security emergency!

Siren: It's really not

Dream, have you read the posts?

Dream: No?

Siren: Figured, but don't worry, I always keep my favorite parts saved

[Attached images. It's a bunch of screenshots of different editions of the posts.]

Dream: What the fuck they're all stupid

Wait that's when Wilbur called me a slut

No wonder I started getting more slut comments

Siren: Live your truth, king. It is a sluttly outfit to fight crime in

Dream: Okay wait whatever how long have you known?

Siren: Pretty much since the beginning

Dream: Tubbo

Siren: Dream

Dream: This is serious

Siren: I just proved to you it's not

Dream: It exposed relationships between heroes and villains

Is this what started the whole shipping thing with Quackity, Karl and Sapnap?

Siren: Psh, as if the public wouldn't know at one point either way. You know what they're thinking of doing anyways

Dream: And I'm still against it

Siren: Dream my man, don't be a party pooper

It's harmless info

And I personally know op, they won't post anything too compromising

Dream: Exposing the relationships between us wasn't too compromising!?

Wait, you know the person posting this!?

Siren: Who do you think my plus one at the wedding was

Dream: Tubbo you didn't

Siren: I did

Dream: Tubbo.

Siren: Dream. Relax. It was all planned, Op is in every picture of the wedding.

If something happens, I can bring them down :)

I know where they live, too. I've been inside their house.

I wouldn't allow this without insurance

And I have plenty

Dream: You terrify me

Siren: Thank you

But having said that: Let it pass or I'll tell the internet what your stan account is

Dream: You wouldn't

Siren: I have notifs on for your Twitter, Dream

We could be moots and you wouldn't even know

I enjoyed the tweet about George's eyes, by the way

Dream: Okay fine

But I'll supervise the posts

I'm calling it off the moment something important leaks

Siren: Ty king ily

Say bye to the internet, now

Dream:.... Bye

[The last 83 messages with this contact have been successfully deleted.]

For my own mental health, I won't think about the fact that Tubbo said he had plenty of insurance in case I leak something he deems important. Okay then. I guess Mr #1 hero knows too. No pressure.

Chapter End Notes

> There was going to be an extra post at the end there, but after consideration, it fits better in the next chapter methinks. It felt off from the rest, but it's a big thing by itself.

Anyways you'll see it next chapter.

Updating keeps me sane rn after the surgery since I can't do anything else including going to class. I have pain to laugh so I literally am not allowed to feel joy. I cut my hair to feel something though.

So, actually, guys... There's a big chance that the next chapter will be the last one. And then, the epilogue. I might change my mind and do two more chapters and one epilogue, but I don't think so. I think this is it, fam.

We're officially reaching the very end.

Oh and fam, we got them op fanart, look at this!

HEROES FLARE AND WARP ANNOUNCE THEY PART WAYS WITH STARDUST AGENCIES

▽ Today, after a period of inactivity from two of our favorite heroes, they both released a statement announcing they will no longer work with Stardust Agencies as their representative in the hero field.

They haven't been the first ones to do so, and each time, more and more heroes seem to be following the same path and pursuing solo hero work backed by the Union, or creating their own agencies. What does it mean to the titan that is Stardust Agencies to lose the ability to represent the #3 and #15 top heroes?

Although the cause of this wasn't mentioned, they both expressed it was due to personal reasons, and that they actually parted ways with them last month.

Has the period of inactivity been caused by them no longer being affiliated to Stardust?

Neither of them has mentioned whether they will join the H&J Hero Union now, although it is presumed they will, like all the other heroes who have left Stardust. Either that, or we will soon see them create their own Hero Agency, like all of the ones who didn't join the Union did.

Will heroes #1 and #2, Dream and 404, soon follow in their friends footsteps? What is actually happening with Stardust?

WHAT THE FUCK WHAT THE FUCKKK

▽ GUYS. GUYS ARE WE OKAY?? IS EVERYONE BREATHING RIGHT??

[Attached images. It's screenshots of Karl's latest Instagram post. The first one is a picture of three hands, each wearing two sets of wedding rings, one hand has a ring with a sapphire and a ruby, another one a ruby and an amethyst, and another an amethyst and a sapphire.

The next image are screenshots of the statement Karl made, written down in his notes app, and posted to his Instagram and Twitter. It reads:

'After 6 years of hiding the most amazing thing in my life, my now HUSBANDS and I finally decided it was time to make it public.

So, to put it shortly, it's true: I am now, officially and forever, married to Flare and Quackity.

And we couldn't be happier about it.

We're telling you now, in our own terms, because honestly we always planned to. It's something we've discussed since we started dating. As two heroes and a villain, it was bound to come out at one point or another.

And it kind of did, with that leaked video from when Sapnap got hurt. If anything, we're lucky it wasn't anything more incriminating.

And it's something we knew we wanted to talk about at one point. But there were plenty of reasons why we couldn't yet.

I know there's actually about 5000 people out there who already knew this (I know you know ;)) but hey, you're getting the actual official announcement now.

This doesn't mean Sap and I are giving up hero work, nor does it mean Quackity will stop being a villain. We just have different occupations.

And if it's worth anything: Yes, Quackity is a villain. But I'll tell you something. Want to know who has been working with heroes and has helped relocate and save the most victims of domestic abuse in the past 6 years than anyone in the past 20 years? Who has rescued the most kids from trafficking rings and stopped at nothing to get them back to their families? Who owns the most safe houses for abuse victims and rescued children?

Quackity.

So yes, he does things his own way, he's a villain. But that doesn't automatically mean he's a bad person.

He's an amazing father, husband, brother, son, and friend. And he's a villain. Those things aren't mutually exclusive.

There's so many things Sap and I could say about him to convince everyone of how amazing our husband is, but Quackity wouldn't let us put that out into the internet, so this is all you get.

We're married now, we're happy, and we wanted the world to know.

So this is us asking the world to be gentle, and accept that this is us and this is our lives. And we won't be asking anyone for permission to live it.'

The last image is a picture of the three of them, huddled together and dancing, wearing suits. It's the night of the wedding. It's the same photo Tubbo posted before, in better quality.]

HEROES WARP AND FLARE ANNOUNCE THEIR MARRIAGE WITH VILLAIN QUACKITY

▽Minutes ago, Warp made a post on his official social media announcing he's not only married to Flare, but also notorious villain Quackity.

It is still uncertain what this means for our society to have two heroes publicly married to a villain, and the public's reaction so far has shown mixed feelings about it.

This brings up the question: Is this the reason why Warp and Flare parted ways with Stardust Agencies? Was it all part of an attempt to protect their now husband from the law?

[Attached images. It's Karl's previous statement.]

How can they, as heroes, be with Quackity in good conscience? He's a villain! He's killed people! Let me remind everyone of the theories saying his last husband didn't die of a heart attack, but Quackity poisoned him! Really, why is everyone so blind!? This could be a ploy to kill Flare and Warp!

PROTESTERS GATHER OUTSIDE OF STARDUST AGENCIES

▽A couple of hours after the announcement given by Warp, a small group of protesters gathered outside of the headquarters to Stardust Agencies, all in support of Warp, Flare and Quackity.

The protesters are apparently asking that Warp and Flare suffer no repercussions from marrying Quackity, as an anonymous leak has proved that Stardust Agencies greatly punish all of their heroes who engage with villains personally, including the heroes who used to work with them, for as long as they stay not in alliance with another agency or the Union. Additionally, they ask for Quackity to remain free and take into account Warp's statement about Quackity's actions to help save abuse victims and children who have fallen victims to the trafficking net.

Stardust is yet to release a statement, both about Flare and Warp leaving their agency earlier today, and also regarding Warp's statement and the protests.

But overall, the public's opinion on the matter seems to start clearly leaning one way: they want Flare, Warp and Quackity to stay together and be happy.

Here's to hope they do.

I DON'T KNOW WHAT'S HAPPENING

▽ So, those of you who know who my neighbors are… Last time I mentioned the new boy, who now I know is W's kid. There's another one now, a little girl, apparently they're twins.

Ever since I found out who my neighbors are, I've been almost walking on eggshells around them, but they haven't really done anything.

And honestly, because I've been hyper aware of them, I've been keeping an eye out on W and the kids whenever I catch them outside on the little playground our building has.

He's… Not a bad dad, guys. He cares a lot about them, both of them, but the last week there's been a weird vibe.

Like W looked like he was straight up going to a funeral every single day or something. He looked so sad 24/7.

So one day, when we happened to be on the elevator together, I caved and I asked him what was happening.

When I tell you that he started BAWLING his eyes out in literal seconds I mean it. One second he was fine, the next he literally bursted into tears.

I felt really bad because I was just standing there with him now and I guess my question caused him to cry so I reacted out of pure instinct and invited him for some tea to my place and he said yes.

So there I was now, inviting fucking W (who, keep in mind, I know who he is now) into my house. I wanted to slap myself but he literally looked like a sad wet cat I couldn't honestly let him go like that.

So anyway, we made it to my place and I very anxiously made tea for us while he sat in my living room still bawling his eyes out. And then I sat down with him and he proceeded to tell me his story about how his ex is taking the kids in a couple of days and he has no idea what he's gonna do now without them.

I feel really bad for him now…

He seemed to feel better now after telling someone and then he left, but now I literally don't know what to do with myself after having W (I'd say the other name he's known for but I'm literally scared to) crying on my sofa over his ex taking the kids back.

Like what is my life…

I have a plan.

▽I would never do this normally. But I don't care about what Wilbur has to say about it, none of us are willing to let her take the kids away.

Wilbur said we weren't allowed to do anything about it. But he didn't say anything about you guys.

So, here's the deal. I will tell you one place where Sally is bound to be in the next 4 or so hours. Your job is to create enough of a mob to swarm her.

You don't even have to do anything else, Tommy already convinced a monkey named Eric he found to lead the kids away from Sally.

Both mom and Phil will be situated in two different points, depending on which way it's easier to sneak them to, to immediately take the kids back home.

I will make sure she doesn't realize until it's too late.

She doesn't have to know it was us, we can let her believe she lost the kids herself.

So, just stay posted and pay attention, I'll post the place where the plan will unfold in the next few hours. You'll have approximately two hours to prepare.

Don't let us down, Reddit.

To say the whole household was on edge was quite an understatement. Barely anyone had uttered a word all day, anxiously waiting for their visitor.

Wilbur had not stepped more than one feet away from Tallulah and Fundy all day either.

Apparently, he hadn't told them yet that Sally would come get them. He didn't have the heart to, so the kids were blissfully unaware of everything, but clearly aware of everyone's unease and bad mood for the day.

Wilbur had texted Sally again hours ago, letting her know of the codes she needed in order to get to the penthouse. He'd received only one reply stating she'd be there soon enough.

And then the waiting had started. Wilbur was barely aware of anything happening around him, vaguely recalling hearing Tommy apparently talking to a monkey and Techno frowning down at his phone and furiously typing. He had no idea where the other two members of the family had gone, though.

Then, the dreaded time came with a ping in Wilbur's phone, a text informing him Sally had arrived.

The entire family seemed to have been summoned by the sound, all gathered in front of the elevator, waiting for it to open. The kids were asleep in the living room, huddled together under a blanket after hearing Wilbur play his guitar for the last couple of hours.

A couple of minutes of silence went by before the elevator door finally opened.

And there she was now. Sally, the one that got away. The love of Wilbur's life.

Her hair was as vibrant orange as Fundy's, and although Tallulah was all Wilbur, he had always seen Sally in her smile, a little crooked to the side, but very bright.

Her eyes looked up, and she found Wilbur's.

But there was a grimace on her face.

She looked around, to the four other family members, all frowning at her, and then looked back at Wilbur as she stepped out of the elevator.

"Wilbur," she said, and damn, his name always sounded so good coming out of her mouth. "We should talk. In private."

It had been a whole 15 minutes since Wilbur and Sally had stepped into Wilbur's room to talk, and most of the family had spent that entire time practically glaring at the door.

"I'll post the address for the plan as soon as she leaves." Techno informed them, his phone already in his hand.

Tommy nodded, the monkey from before sitting on his shoulders and messing up his hair, but he didn't seem to mind or realize it.

"Eric and I are ready." is all Tommy said, still glaring at the closed door.

Then all of a sudden the door opened, and out came Wilbur and Sally.

Wilbur almost looked like he was in a daze, walking straight to his family and stopping behind them.

Sally, however, didn't approach them, or even the still sleeping kids in the living room.

Instead, she made her way over to the elevator and left.

Wilbur finally spoke once the door to the elevator closed again.

"We're sharing custody," he informed them, a somewhat vacant look in his eyes, like he himself couldn't believe what he was saying. "She said they can stay here for the rest of the

month and after that, we both get them a week at a time."

Everyone stared at him. Techno blinked down at his phone.

"... Huh. Didn't even have to use your Reddit followers."

Wilbur blinked, finally more aware of his surroundings, and stared at his twin.

"... Reddit followers?"

Chapter End Notes

I won't lie to you, this was meant to be up yesterday but I'm stalling now bc I actually don't want it to end.

So, the Karlnapity reveal is what was meant to be there last chapter but got moved here. It's actually referenced in the chapter too, when Tubbo and Dream are talking, and Tubbo mentions how the public was bound to find out either way, and how Dream knows what they're planning to do, to which Dream responds "I do and I still don't like it".

Anyway. Some lore in this one too, but you guys..... This is the last chapter. Like technically, it is. Next one is the epilogue. And I will say I have a couple of surprises for you guys there, especially one regarding Wilbur 👀👀 one lucky person here already knows what it is.

For now though, look at some more art we got:

Tommy 'dancing' with Clem

Colored Tommy and his army of animals that keeps on growing

Dream being terrifying that one time Sapnap forgot to take his rings off

I will see you guys in less than a week to officially put an end to this madness. Hope you've enjoyed the ride.

PS. I still can't laugh and something that happened today really almost made me crack. It was so fucking hilarious actually and low key embarrassing too. Rip. At least I'm getting the stitches out tomorrow.

The end.

Chapter Summary

The epilogue

Chapter Notes

It has been a pleasure, y'all

See the end of the chapter for more notes

Wilbur looked at Techno, blinking in confusion.

"Wait! Wait. You're telling me someone hacked my phone and has been posting my stuff on Reddit!?"

"They didn't post your original songs, if it makes you feel any better." Techno shrugged.

"Oh yeah actually that makes me… Wait, no! No, it doesn't make it any better!" Wilbur turned to look at the rest of his family then. "Did you know!?"

"A bird told me." Tommy said, idly checking the monkey sitting on his lap for any fleas. "Literally, a woodpecker named Arnold told me just yesterday."

"Techno only told me today, mate." Phil answered now. "And that's because he had to pitch his idea to us."

"I knew," Kristin said all of a sudden, making even Techno turn to look at her. "I'm a mafia boss, I know everything." Was as much an explanation as she said. "I thought it was amusing."

Wilbur spluttered, looking at her.

"I'm a villain! No wonder people haven't been taking me seriously lately!"

"Good that you're self-aware." Techno huffed. "But not like they wouldn't eventually call you a wet cat too without the texts."

"I'm not a wet cat, I'm a villain!"

"Debatable, I've spoken to wet cats, and it's the same as talking with you." Tommy said, still not looking up.

"Child, I will shove one of Charlie's soggy socks so far down your throat that it will come out of your ass-"

"Dream, Karl, and Tubbo also know, by the way." Techno helpfully chided in. "It's Tubbo's favorite hobby, so even if you switch phones, he'll just hack you again and post himself."

Wilbur groaned, hitting his head on the table.

"My life is a fucking nightmare."

STARDUST AGENCIES MYSTERIOUSLY BLOWS UP

▽ Today at approximately 4:43 am the headquarters of Stardust Agencies went up in the air.

The complete building suffered severe damage, and it is still unclear whether there were any casualties or not.

It is assumed to be the result of a villain attack, although no organization has come forward to claim the credit for this attack.

Some speculation leads to Quackity, given recent events, but as reports have pointed out, Quackity is currently out of the city enjoying his honeymoon.

Any more details about the fact are still unknown.

THE SIREN'S TEXTS- PART 20

▽Y'all… This is an interesting one, and I know I've said that before, but this time I mean it so much. You'll see. I've stalled on posting this for like a day just because of this but figured Tubbo would take matters into his own hands if I took any longer, and I really wanted to tell you this myself so. Enjoy.

Groupchat Homos plus Wilbur

Quackity: Now which one of you was it

George: You say that like it was a bad thing

Quackity: No, it was a great thing, it was about fucking time that you guys blew Stardust into bits

I'm just mad you didn't wait for me

Dream: We got the last info we needed and I was feeling vengeful

Sapnap: That's one way to react when you're feeling vengeful

Dream: Stardust literally almost killed George while 'training him' and tried to brainwash or hypnotize me at least 14 times, not to mention what they did to you and Karl when they found out about Quackity

Of course I wanted to blow them up

Plus George is working on organizing the document exposing their corruption so they'll be done by this time tomorrow

Karl: Fair enough, king

Where's Wilbur btw?? Did Sally take the kids?

Siren: We're sharing custody

Quackity: Huh

George: Good, you'll stop moping now then

Dream: Did she take the kids still or?

Siren: [Attached image. It's a picture of, presumably, Wilbur, with one little girl sleeping, her face almost completely hidden in Wilbur's side where she's tucked into him. Laying on his chest is a small orange and white ball of fur curled in on itself.]

Karl: Oh my god

Sap, Quackity. Please.

Quackity:... Okay we're married now, maybe we can start considering kids

Tubbo does want a baby brother

Karl: :D

Sap?

Sapnap: Sure

Karl: LET'S GOOOOOO

Siren: I have to admit that finally seeing Sally up close and talking to her again was a bit cathartic

I think I can move on now

But I'm never falling in love ever again

Fuck that

[x]

Siren: Quackity

Quackity who is that

Quackity: Who

Siren: The new barista at the casino

Quackity: Luzu??

Oh my god don't tell me you like him

Siren: He called me something in the most attractive Spanish accent

Quackity I think I'm in love

Quackity: What the fuck Wilbur

Luzu? Really?

You know he and I almost dated right

Siren: Wait what

Quackity: Yeah before Schlatt

Didn't work out, he betrayed me to get power and said it was for my own benefit

Also blew up my house once and kidnapped my cousins

Actually on second thought you have a lot in common, you're both bastards

But his power is useful and he's not that much of a bastard anymore so I hired him as an undercover information breaker

Siren: Uh huh uh huh I hear you

But what's his favorite flowers

Is it roses? I bet it's roses. He looks like a rose guy. I'll get him roses

Quackity: Oh no you're going into simp mode

There's no way I'm getting through to you now so you know what? Sure, go for it, good luck

[x]

Quackity has changed the groupchat name from Homos plus Wilbur to Homos.

Dream: Good for him I guess

George: Put you phone down and come here, you promised me cuddles

Sapnap: You guys seriously turn me homophobic sometimes

[x]

Groupchat Fam plus the adopted one

Tommy: Wait so is Wilbur internet famous now

Does this mean I can exploit him for money

Dadza: Tommy, no

Just make some tikytocs like the other kids if you want to get famous

Worst twin: Besides, no one would pay you for it. It's not worth it.

Tommy: Fuck

Okay, Alice the worm has shit ideas then, I'll consult an expert

Pep the cat is literally famous on Twitter, I know a dog that can hook me up with him

Mumza<33333: Yes dear, why don't you do that instead?

Siren: How long are we going to keep pretending he can actually talk to animals

Tommy: SHUT THE FUCK UP YES I CAN

At least I have a talent, I don't need to be pathetic for the internet to like me

Siren: Oh would you look at that Tubbo left a box of Charlie's favored snack here: soggy socks

And they're still damp

Tommy: MOOOOM WILBUR IS THREATENING ME

Fuck she's gone

REDDIT HELP THIS IS CHILD ABUSE

Siren: I'LL SHOW YOU CHILD ABUSE YOU LITTLE SHIT I WILL PUNT YOU INTO A LAKE

Dadza: Aaaand they're offline. Okay.

Techno, make sure your brothers don't kill each other

I'll go with Kristin to this meeting

Worst twin: Oh you're too late, I handed Tommy a sword 3 seconds ago

Dadza: Okay at least get the kids out of the way then

Worse twin: Gotcha

[x]

[Attached image. It's a screenshot of Wilbur's note app, open in a specific one. It reads: 'I know now. Hi Reddit. I don't know what else to say except that I stand by what I said at the wedding. OP, your hair is ugly. And I am not a wet cat.']

[Attached image. It's an email sent to Op. It reads: 'Welp he knows so this is boring now, it was funnier when Wilbur had no idea. Plus, it's best to stop before the news finally says something about it. It was fun while it lasted. Op, post again about this and I will officially show you what my power actually is :P you're allowed one goodbye post and that's it - Tubbo.]

Well. That's that. This is the end of road, because apparently Siren finally, FINALLY knows about this.

A part of me wants to keep going out of spite because he fucking called my hair ugly again, but you know what? Tubbo is right. It's not fun anymore.

So I'm complying. It's sudden, but what can you do.

However, as a last goodbye, I've decided to compile a list about my favorite texts, and the irl results some of them had:

-The whole goat saga. It was interesting to see it go down, but my highlight is the goat picture. I love whoever turned it into a meme and just put the word 'BEANS' on it.

-The Flarpity vs Quackware debacle. It was funny seeing people on Twitter have no idea where the ship came from, and yet they still voted on which name was better for it. My cousin even asked me which team I was. I have to admit, I was team Quackware.

-The slut-shaming of Dream. Siren is right to say it, and I love the sudden increase in videos of fans meeting him and telling him to his face (mask?) that he looked like a slut. His confused 'thanks?' gets me every time.

-Tommy's increasingly deranged Snow White behavior. I still don't know if he can actually talk to animals. I don't know if I want to find out. The Clem cult subreddit is amazing btw, and it's funny to see that every single member is an amazing artist that could be Michael Angelo reincarnated and they decide to use that talent to draw hyper-realistic piranhas with crows and frilly dresses.

-The one time Tommy got stuck inside of a washing machine and instead of just opening the door Siren whacked the thing with a baseball bat. My irl sent me a deep fried meme of a washing machine that said 'WASH OUT OR YOU'RE NEXT' with laser eyes and I laughed so hard my milk came out of my nose.

-The cuntification of 404. It was a great discovery to know he's so bratty 24/7. Great work, fanartists.

-That one essay about Dream and 404 that single handedly got the entire internet to ship them and the subsequent discovery that Dream is a toxic shipper of his own ship.

-The way we know for a fact Siren eats sand at 4am sometimes and yet we're just letting him care for two children who we still don't know for sure are his.

-The way Techno called people to mob his twin's ex and get said twin full custody of his kids and no one batted an eye.

-That one small, niche part of the internet that decided to draw fanart of Mumza and illustrates her as the most elegant and amazing death goddess because all that we know about her is that she's a baddie and the head of the Death mafia.

-All of the times that Warp decided to be a menace about him, Flare and Quackity. Got one of my irl friends very invested in them just because she's such a Warp fan that she said "If he likes it, then so do I."

-That one time one of my coworkers asked me if I knew about that reddit person leaking Siren's texts. I almost shat myself and never mentioned it bc then they would put it together

that it was me. Hi, Helena.

I think that's it. All I can say it's that this has been a fun time, and at times, an incredibly scary and traumatizing one. But it's been a pleasure to have gone on this journey together. Take care you guys.

And I can't believe I'm saying this, but. Tubbo, I will miss you too, king.

One day we might all see each other again.

And to Siren: Fuck you. But your texts were amusing. 🫶

I have so many emotions right now I can't even be bothered to feel anything about the fact that Siren is moving on from Sally and is into some guy now or that Karlnapity will maybe start considering a kid. I can't even come up with a ship name for Luzu and Wilbur because of how much shock I'm in rn

THE SIREN'S TEXTS LEAKED

▽ A user here on Reddit has been leaking the texts from famous villain Siren after hacking into his phone.

It seems as if this has been going on for months now, as the user would do constant updates into Siren's unusual texts, when exposing this such as his notes, Google searches, and even some lyrics from his original songs.

There was speculation regarding whether the texts were real or made up, but after several events in the texts lining up with events happening in real life, there is no doubt any more that the texts are, in fact, real.

The texts seem to also shed some light on the truth behind certain events that had the public mystified, like the mess left behind at the abandoned warehouse months ago, and the explosion that happened in Stardust Agencies.

HELLO

▽[Attached video. It starts out with someone placing the camera. It falls back which causes the person recording to swear. Finally they manage to set up the camera and step back, sitting in a small chair with a guitar.

It's Siren, wearing his full villain regalia, mask included. He grins at the camera.

"So I saw you guys interested in my songs and decided to play you one. I wrote this based on both my ex and my current beautiful rose, Luzu."

He then starts to play and sing an original song.]

Chapter End Notes

You guys have no idea of the sigh I let out when I finished typing the last thing of this last chapter. It was truly a moment.

Well. Onto the long ass end notes. First things first, Luzbur is a ship, just look it up on Twitter. It's from the Spanish speaking side of the community. They're such a power

couple and if I have to be the one to introduce all of you to it then so be it. Luzu is, of course, one of the Spanish streamers from the Qsmp, and a member of Karmaland as well. He did betray Quackity for the presidency, rigged the election to win, kidnapp Quackity's cousins, fought against Quackity's revolution, and blew up Quackity and Rubius' house. Him and Wilbur are literally a power couple I won't hear anyone who says otherwise.

I translated my The Hunger Games Luzbur AU to English solely for this. Go read it of you want to know more about Luzbur. I can promise you it's an amazing shit and also I busted my ass writing this AU and then translating it to English for y'all

It's sad to see this end but all good things must eventually end right? This fic will be missed but we had a good run. And the amount of comments and the 6k hits are!!! Omg!!!

This AU is really fun and I love it so much. But I'm pleased to inform that LoveMe_Please is doing a precuel of this fic! It's a more serious take on how it and based on how Karlnapity met and started dating. I've read the outline of the fic and y'all are NOT READY!! I will update here to let you know when the fic is up, but go subscribe to them already so you can get the notif when they upload it. You'll see some more world building there too since it's a more serious version of this AU. So excited! No pressuring em to upload it though, y'all are warned!!!!

Well I'm officially free to work on my next fic, which I've briefly brought up. I'll tell you what it is now, it's an Avatar AU... But it's Dream centric.

Which is why I know a lot of you might not enjoy it.

That also brings me to the very last thing I have to say. I must finally confess it. Guys... I'm a Dream stan. Like I don't think I've been any subtle about it if you really look, but also I never actively said it bc it's been rough guys, my friends and mutuals have been doxxed and threatened bc they like him, and I've come to realize the SBI community, and any community now, doesn't feels like a safe place for me to say I like him anymore.

It's like being shoved back into the closet. It's awful, I genuinely feared saying this to you, but I also felt like I owed telling you. It's probably silly. Anyway. Hope you guys don't hate me now 😔 if you still want to read my next fic, I will gladly meet you all there. But those who won't, it's been a pleasure entertaining you so far, and I hope you had fun here 💙

I love y'all 💙💙

(And now that I've confessed that I am a Dream stan I can say to you I was meant to start this epilogue and update it way earlier but I was too excited and happy about Dream's first concert to focus on anything else for the duration of that day and the next. The DC concert today didn't help me focus either. Well. Bye guys, for real this time 💙)

Okay we're for real this time

Chapter Summary

I bet you bitches thought you'd seen the last of me 😎

THE SIREN'S TEXTS- THE TWO YEAR SPECIAL

▽ What's up gamers I saw you all moping and swooped in like the savior that I am because I figured, it's been two years. And I'm bored. So what if we give you guys an update?

In case you can't tell, this is Tubbo :)

So, normally I'd do this on Op's account (yes, I still have access to it. They gave up on trying to change the password after the fifth time I hacked it) but I figured it's way funnier to do this on Wilbur's. Didn't even have to hack into it, Techno gave me the password in exchange for me posting this to ridicule Wilbur again.

So let's get to it, shall we? :)

My little champion: Daddy

Siren: Yes, sweetie?

What's wrong?

My little champion: Llulah and I want chocolate

Siren: You can't, sweetie, it's late and your mom is coming to get you soon

And we all three know how you guys get with chocolate

My little champion: Please

Siren: No, darling.

My little champion: Okay :(

[x]

My little amapola: Daddy

Siren: Yes, Llulah?

My little amapola: Can we have chocolate?

Siren: I already told you brother no, sweetie.

My little amapola: Okay daddy :(

[x]

Siren: ...

Phil. Philza. Dadza. Father of mine, dear dad…

Dadza: Yeah mate?

Siren: Why did I just walk by my children having a sugar rush from chocolate and with their mouths covered in half melted chocolate when I told them they couldn't have any?

Dadza: Don't look at me, I'm pretty sure they trained Frank the parrot to bring them chocolate on command

Siren: That damn bird won't listen to me when I tell it to shut up and stop screaming at 3am

HOW did they train it!?

Phil Sally's coming to get the kids in 30 minutes and they're running around like Sonic covered in half melted chocolate

Dadza: As if Sally hasn't taken the kids back under worse circumstances

Remember when Tommy convinced them gluing feathers to themselves would make them fly?

Siren: Tallulah has melted chocolate on her hair

HOW

I don't have time to give them both a bath before Sally comes

I have a date with Luzu in 45 minutes and I need to get ready

I CAN'T CANCEL ON MY ROSE

Dadza: Ok chill I'll take F and Kristin can take Llulah

Siren: I love you so much holy shit you're the best dad ever

[x]

Groupchat Still just Homos

Siren: So like when is it too soon to ask Luzu to marry me

Quackity: Oh my fucking God Wilbur you've been dating him for like less than a year

Siren: 11 months, 6 days and 20 hours with 5 minutes and .06 seconds

That's almost a year already

George: And that didn't stop Dream, we got engaged like 6 months into us dating

Quackity: Yeah but it made sense because you're you and you're both dumbasses

Besides you don't get to talk when you two are so weird you got matching chains instead of engagement rings

Sapnap: Now you've done it, ducky. You brought up his wife chain, he's going to bite you now

George: Fuck you Sapnap it's not a wife chain

Dream: It kind of is though

George: I will bite you instead

Dream: Maybe that's what I want ;)

Karl: Ew keep your kinky shit to yourselfs, there was a child on my lap looking at my phone

George: He can't even read yet

Quackity: Take that back, our son is a fucking genius

Karl: [Attached image. It's a picture of a toddler with the face blurred out]

Say that to this face, George

Sapnap: George we're revoking your godfather rights over Mush now

Siren: Hello yes this is supposed to be about me asking my beautiful darling rose to marry me?

George: Do it and record it so we can see him reject you

Quackity: I think qetuidjkdtkhfwueéü:f5$()gg

Dream: Yeah I agree

Truer words have never been spoken

Quackity: Mush spilled a bit of apple juice on my screen

As I was saying

I think, weirdly enough, that he might say yes

I know Luzu and that fucker never even looked at me the way he looks at Wilbur

Siren: Jealous?

Quackity: He was my first unstable relationship and we never even kissed or officially dated, you can keep him

Hell, he might be starting to think about it. If there's one thing I know it's that you two are about a match made in heaven in terms of insanity

But still, you're fucking insane

Siren: Okay I'll try to wait a little longer to propose

[x]

My rose: Amor

You forgot your sweater at my place

[Attached image. It's presumably Luzu although his face is out of frame, it's just someone's torso covered in a yellow sweater].

I'll keep it warm for you ;)

Oh btw I bought something for Llulah and F, I can bring it over when you next have them with you

And there's this asshole that messed up one of my jobs the other day and I have his address, do you wanna go blow it up with me?

[x]

Groupchat Still just Homos

Siren: Fuck me I need to marry this man immediately

Quackity: Oh no, he threatened to blow shit up didn't he

Siren: He's my fucking soulmate, Quackity

I'm getting him the biggest fucking ruby on his ring so it matches his eyes

God his eyes are so pretty and read and so utterly hypnotizing and

[He went on a 47 minute rant about his boyfriend's eyes, I rather save us all the blubbering. - Tubbo.]

[x]

Groupchat fam plus Tommy's zoo

Tommy: HAS ANYONE SEEN ELISE??

Okay-ish twin: Which one of your animals is that again

Tommy: One of my iguanas

Siren: Which one you have like 7

Tommy: My rhinoceros iguana

Siren: I don't fucking know what that means

Tommy: THE ONE THAT LOOKS THE MOST LIKE A FUCKING DINOSAUR

Siren: THAT'S STILL NOT NARROWING IT DOWN

Tommy: JUST LOOK FOR AN IGUANA ON THE LOOSE, WILBUR

Siren: FINE

Okay-ish twin: Yo who hired a girl to randomly scream it's not Halloween yet

Tommy: That was Wil, I think

Siren: TOMMY THERE'S A FUCKING COBRA OR SOMETHING IN THE TOILET

WHY

LIKE I DON'T NEED TO PEE ANYMORE BUT WHY IS IT THERE

Tommy: What the fuck that's Luci

I didn't even realize she was gone from her tank

Omw

Okay-ish twin: Yo he peed himself

Everyone, get a good look at this public humiliation

I hope you're enjoying it

Siren: What's that supposed to me-

FUCK, THE REDDIT POSTS

Wait no it's safe, there's no more updates

HA WHO'S THE HUMILIATED NOW, TECHNO

Okay-ish twin: So did you or did you not pee yourself?

The public wants to know

Siren: There's no public, so I can say I did

Dadza: You did what?

Okay-ish twin: Phil, he peed himself

Dadza: What

Siren: I HAVE A DELICATE BLADDER AND MY DICK WAS ALMOST JUMPED BY A COBRA WHAT DID YOU EXPECT?

Tommy: Okay, so

I think Martin got loose too

You know, the lion?

Dadza: For fucks sake, mate

[Contact changed from 'Tommy' to 'Awful zoo keeper'.]

That's about as much of an update as I can give you. Tommy tried to sneak a penguin into my bedroom while I was doing this, btw. His name is Ranboo. I asked Tommy where the actual Ranboo was and he just stared at me blankly for a minute and asked. "What are you talking about? He's in front of you".

Okay I guess I'm a widow now. Sucks.

By the way, if any of you are weird about my little brother I will snap your necks with a shoelace and make sure no one finds your body.

Anyway, hope you enjoyed my selection for today ;) but this IS the last post.

Oh and if you're wondering where Op is, they're doing good, they're in film school.

They made a short horror film on a crazy stalker, it was pretty good. Don't know where they got the inspiration from but the part where the guy sets their socks on fire is sick.

So that's all you're getting now, don't be greedy and ask for more.

Surprise motherfuckers <3 okay now it's all out of my system fr lmaooo.

Figured I'd do a special showing you guys how things actually went a bit further down the line, just a Lil peak behind the curtains, since I didn't give you guys that with the ending.

But I'm fr now, this is actually the ending.

Also this special could have been up a whole like half an hour or 40 minutes earlier than this if it weren't for mister was taken deciding to do an alt silent parkour stream and distracting me right when I had like 3% of the special left to write.

But anyway how have you guys been? Tell me, catch me up. I'm better from surgery but still can't do any physical exercise n shit, which is ass when you are a theater major and have a total of like 70% physical clases. My bestie is on the grind now constantly so I miss his ass bc we don't talk as much 💔💔

Uh let's see what else... Oh yeah virtually attended one of Dream's concerts, it was so fun <3 mm, freaked tf out bc dnf is real (LMAO jkjk).

Oh yeah! Guess who's having pain bc two of my wisdom teeth are coming out and I need to get them out now 🙃🙃

Well I think that's all going on w me. Welp, we're saying goodbye now, this time fr. It's been a ride guys.

Again, I'll see you if you follow me over to the Avatar fic. And selfless self promo moment, read my dnf zombie AU little drabble that I did if you guys want. I don't tend to write serious stuff, as you probably know, but this was fun to write.

PS. I better see this fic reaching 8k hits, 500 kudos, and 100 bookmarks soon y'all 😡 share like your life depends on it /hj /lh
